engineer tells the truth about ominous changes taking place in the climate and the Sun. Casey ' s research into the Sun ' s activity, which began almost a decade ago, resulted in discovery of a solar cycle that is now reversing from its global warming phase to that of dangerous global cooling for the next thirty years or more. This new cold climate will dramatically impact the world ' s citizens. In *Dark Winter*, he provides evidence of the following:

- The end of global warming
- The beginning of a “ solar hibernation, ” a historic reduction in the energy output of the Sun
- A long-term drop in Earth ' s temperatures
- The start of the next climate change to decades of dangerously cold weather
- The high probability of record earthquakes and volcanic eruptions

A sobering look at Earth ' s future, *Dark Winter* predicts worldwide, crop- destroying cold; food shortages and riots in the United States and abroad; significant global

George Orwell set out ‘ to make political writing into an art ’ , and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell ’ s essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Politics and the English Language, the second in the Orwell ’ s Essays series, Orwell takes aim at the language used in politics, which, he says, ‘ is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind ’ . In an age where the language used in politics is constantly
