Casio has applied its unique ideas and technologies to the creation of new culture through the digital cameras: it has offered as visual communication tools since 1995. That year saw the release of the QV-10, the world's first consumer digital camera with a LCD.

This reference book is a complete guide to the trends and leading companies in the engineering, research, design, innovation and development business fields: those firms that are dominant in engineering-based design and development, as well leaders in technology-based research and development. We have included companies that are making significant investments in research and development via as many disciplines as possible, whether that research is being funded by internal investment, by fees received from clients or by fees collected from government agencies. In this carefully-researched volume, you'll get all of the data you need on the American Engineering & Research Industry, including: engineering market analysis, complete industry basics, trends, research trends, patents, intellectual property, funding, research and development data, growth companies, investments, emerging technologies, CAD, CAE, CAM, and more. The book also contains major statistical tables covering everything from total U.S. R&D expenditures to the total number of scientists working in various disciplines, to amount of U.S. government grants for research. In addition, you'll get expertly written profiles of nearly 400 top Engineering and Research firms - the largest, most successful corporations in all facets of Engineering and Research, all cross-indexed by location, size and type of business. These corporate profiles include contact names, addresses, Internet addresses, fax numbers, toll-free numbers, plus growth and hiring plans, finances, research, marketing, technology, acquisitions and much more. This book will put the entire Engineering and Research industry in your hands. Purchasers of either the book or PDF version can receive a free copy of the company profiles database on CD-ROM, enabling key word search and export of key information, addresses, phone numbers and executive names with titles for every company profiled.

A visual, strategic, inspirational, and user-friendly checklist to help firms & entrepreneurs (business-to-business, business-to-consumer, & non-profits) innovate for strategic growth more methodically, completely, and creatively. Includes a framework, several exercises, and over 1100 categorized innovation examples from a wide range of industries and countries. The cutting-edge examples will inspire new product and service developers, and marketing executives seeking to make their marketing tactics more innovative and effective. The last chapter is a guide for executives, start-ups, and professors to teach innovation to employees and graduate students in a variety of fields.

Provides buying advice and profiles of a variety of gadgets, including MP3 players, cell phones, home theater equipment, satellite radio, and GPS navigation systems.

Out is a fashion, style, celebrity and opinion magazine for the modern gay man.

Rates consumer products from stereos to food processors

FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Rates consumer products from stereos to food processors

A consumer guide that integrates shopping suggestions and handy user tips as it describes and rates dozens of digital electronic products, including cell phones, digital cameras, televisions, computers, video games, and home theater products.
