Balancing skills and theory, *Principles of Public Speaking* emphasizes orality, Internet technology, and critical thinking as it encourages the reader to see public speaking as a way to build community in today's diverse world. Within a framework that emphasizes speaker responsibility, critical thinking and listening, and cultural awareness, this classic book uses examples from college, workplace, political, and social communication to make the study of public speaking relevant, contemporary, and exciting. This brief but comprehensive book also offers the reader the latest in using technology in speechmaking, featuring a unique and exciting integrated text and technology learning system.

A concise and affordable yet thorough writing guide, *Writing and Revising* offers a true alternative to larger and more expensive texts. Widely adopted in the first edition, it's flexible enough to be used in a variety of courses, as a classroom text, or as a quick reference. Whether students are writing brief papers or more complicated essays drawing on multiple sources, *Writing and Revising* can help.

Read PDF Facetas 4th Looseleaf Textbook Supersite Code

A special edition of the Library of Ancient Israel is based on the latest research to provide an in-depth presentation of the land in ancient times from its domestic life and cultural traditions to its religious practices, in a volume complemented by more than 175 illustrations and photographs.

Panorama, 4th Edition is an introductory Spanish program offering 15 contemporary, thematic lessons to introduce students to an extensive view of the Spanish-speaking world. Its fresh, student-friendly approach, effective integration of video, and powerful online tools lead students to effective personalized communication.

This completely revised and updated second edition of *The New Testament in Antiquity* skillfully develops how Jewish, Hellenistic, and Roman cultures formed the essential environment in which the New Testament authors wrote their books and letters. Understanding of the land, history, and culture of the ancient world brings remarkable new insights into how we read the New Testament itself. Throughout the book, numerous features provide windows into the first-century world. Nearly 500 full color photos, charts, maps, and drawings have been carefully selected. Additional features include sidebars that integrate the book's material with issues of interpretation, discussion questions, and bibliographies.
