eye of the owner. With Kitty's input the business is soon thriving - but tragedy lies ahead, and she must endure many trials and tribulations before she can find true happiness... What do most career women do after a successful run on Madison Avenue? Catherine Finerty watched her friends settle into the country-club life. She opted instead for Mexico. When the 60-year-old widow loaded up her car and headed south, what she found at the end of the road was far from what she expected. Finerty settled into a comfortable house just outside of Guadalajara and, although not a Catholic, she soon immersed herself in Franciscan volunteer work. It wasn't long before she found herself visiting small settlements hidden in the tropical mountains of western Mexico, and it was in Jes es Mar - aÑso isolated that one could only get there by mule or small planeÑthat she found her new calling: the village nurse. With its bugs and heat, no phones or running water, the tiny town was hardly a place to enjoy one's retirement years, but Finerty was quickly charmed by the community of Cora Indians and mestizos. Armed with modest supplies, a couple of textbooks, and common sense, she found herself delivering first aid, advising on public health, and administering injections. And in a place where people still believed in the power of shamans, providing health care sometimes required giving in to the magical belief that a hypodermic needle could cure anything. Finerty's account of her eight years in Jes es Mar - a is both a compelling story of nursing under adverse conditions and a loving portrait of a people and their ways. She shares the joys and sorrows of this isolated world: religious festivals and rites of passage; the tragedy of illness and death in a place where people still rely on one another as much as medicine; a flash flood that causes such havoc that even less-than-pious village men attend Mass daily. And she introduces a cast of characters not unlike those in a novel: Padre Domingo and his airborne medical practice; the local bishop, who frowns on Finerty's slacks; Chela, a mestiza from whom she rents her modest two-room house (complete with scorpions); and the young Cora Indian woman Chuy, from whom she gains insight into her new neighbors. Blending memoir and travel writing, *In a Village Far from Home* takes readers deep into the Sierra Madre to reveal its true treasure: the soul of a people.

Mary Ellis follows her captivating *Widow's Hope* with a new story from the heart of Holmes County, Ohio. In *Never Far From Home*, fifteen-year-old Emma Miller finishes school, starts her own wool business, and is longing for someone to court. Emma isn't the only one with longings in Holmes County. Her aunt Hannah wants a baby and her uncle Seth hopes he'll reap financial rewards when he takes a risk with his harvest. But are these the dreams God has for this Amish family? With engaging interactions and thoughtful characters, Ellis weaves a story about waiting for God's timing and discovering that the

dreams planted close to home can grow a lasting harvest of hope and love.

"A small boy has to leave his home suddenly, leaving his extended family and most of his possessions behind. In the middle of a very trying journey, a kind stranger tells the boy the story of Jesus' escape to Egypt"--

These compelling letters of two young enlisted men coming of age in the midst of war read like a good historical novel, complete with plot, character development, suspense, tragedy, and even more than a little romance, offering both a vivid picture of war at the battlefield and the texture of the home life of a Southern family during the Civil War.

Through concrete detail, current statistics, and qualitative insights from more than 25 years living among and ministering globally to youth mired in tough and dangerous street life, Ron Ruthruff provides a tried model for serving not only troubled youth but others as well. Ruthruff tells stirring, biblically relevant stories of the real young people whom he and his family have loved and served—and what these kids have taught him in return about truly Christ-centered ministry. These stirring stories compel us to reach the least, the last, and the lost, and to appreciate what they can teach us as well. Readers will hear the voice of Job from the hospital bed of a heroin addict, read the story of the demoniac in Mark 5 from the perspective of an “untouchable” in an orphanage in Bombay, India, and discover that the children who sit on our city streets around the world are not just a problem to be solved, but have the potential to become some of our greatest teachers in both their depravity and their dependence on God.
