When the heir to a spirit kingdom discovers she is a human changeling raised as a decoy, she must adapt to her sudden loss of power and fight against horrific odds to save her home.

Presents a fictional account of the tragic lives of Maximilian and Carlota, the short-lived Emperor and Empress of Mexico, and explores the events that first appointed the couple and then swiftly removed them from power.

"I love the native race with a tender love, and so I have observed its customs closely, enchanted by their simplicity, and, as well, the abjection into which this race is plunged by small-town despots, who, while their names may change, never fail to live up to the epithet of tyrants. They are no other than, in general, the priests, governors, caciques, and mayors." So wrote Clorinda Matto de Turner in Aves sin nido, the first major Spanish American novel to protest the plight of native peoples. First published in 1889, Birds without a Nest drew fiery protests for its unsparing expose of small town officials, judicial authorities, and priests who oppressed the native peoples of Peru. Matto de Turner was excommunicated by the Catholic Church and burned in effigy. Yet her novel was strongly influential; indeed, Peruvian President Andres Avelino Caceres credited it with stimulating him to pursue needed reforms. In 1904, the novel was published in a bowdlerized English translation with a modified ending. This edition restores the original ending and the translator's omissions. It will be important reading for all students of the indigenous cultures of South America.

Cada cual que conserve lo que tenga y que robe lo que pueda—dec a sta era la m s social de sus teor as, las m s insociables sa las callaba.Tellagorri no necesitaba de nadie para vivir. I se hac a la ropa. I se afeitaba y se cortaba el pelo, se fabrica las abarcas, y no necesitaba de nadie, ni de mujer ni de hombre. As al menos lo aseguraba l.Tellagorri, cuando le tom por su cuenta a Mart n, le ense toda su ciencia. Le explic la manera de acogotar a una gallina sin que alborotase, le mostr la manera de coger los higos y las ciruelas de las huertas sin peligro de ser visto, y le ense a conocer las setas buenas de las venenosas por el color de la hierba en donde se cr an.Esta cosecha de setas y la caza de caracoles constitu a un ingreso para Tellagorri, pero el mayor era otro.Hab a en la Ciudadela, en uno de los lienzos de la muralla, un rellano formado por tierra, al cual parec a tan imposible llegar subiendo como bajando. Sin embargo, Tellagorri di con la vereda para escalar aqu

Classic, Renaissance-era guide to acquiring and maintaining political power. Today, nearly 500 years after it was written, this calculating prescription for autocratic rule continues to be much read and studied.

The #1 New York Times Bestseller, USA Today Book of the Year, now a major motion picture starring Emily Blunt. The debut psychological thriller that will forever change the way you look at other people’s lives, from the author of Into the Water and A Slow Fire Burning. “ Nothing is more addicting than The Girl on the Train. ” —Vanity Fair “ The Girl on the Train has more fun with unreliable narration than any chiller since Gone Girl. . . . [I]t is liable to draw a large, bedazzled readership. ” —The New York Times “ Marries movie noir with novelistic trickery. . . hang on tight. You’ll be surprised by what horrors lurk around the bend. ” —USA Today “ Like its train, the story blasts through the stagnation of these lives in suburban London and the reader cannot help but turn pages. ” —The Boston Globe “ Gone Girl fans will devour this psychological thriller. ” —People EVERY DAY THE SAME Rachel takes the same commuter train every morning and night. Every day she rattles down the track, flashes past a stretch of cozy suburban homes, and stops at the signal that allows her to daily watch the same couple breakfasting on their deck. She’s even started to feel like she knows them. Jess and Jason, she calls them. Their life—as she sees it—is perfect. Not unlike the life she recently lost. UNTIL TODAY And then she sees something shocking. It’s only a minute until the train moves on, but it’s enough. Now everything’s changed. Unable to keep it to herself, Rachel goes to the police. But is she really as unreliable as they say? Soon she is deeply entangled not only in the investigation but in the lives of everyone involved. Has she done more harm than good?

NEW YORK TIMES BESTSELLER • “ Comprehensive, enlightening, and terrifyingly timely. ” —The New York Times Book Review (Editors’ Choice) WINNER OF THE GOLDSMITH BOOK PRIZE • SHORTLISTED FOR THE LIONEL GELBER PRIZE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Time • Foreign Affairs • WBUR • Paste Donald Trump ’ s presidency has raised a question that many of us never thought we ’ d be asking: Is our democracy in danger? Harvard professors Steven Levitsky and Daniel Ziblatt have spent more than twenty years studying the breakdown of democracies in Europe and Latin America, and they believe the answer is yes. Democracy no longer ends with a bang—in a revolution or military coup—but with a whimper: the slow, steady weakening of critical institutions, such as the judiciary and the press, and the gradual erosion of long-standing political norms. The good news is that there are several exit ramps on the road to authoritarianism. The bad news is that, by electing Trump, we have already passed the first one. Drawing on decades of research and a wide range of historical and global examples, from 1930s Europe to contemporary Hungary, Turkey, and Venezuela, to the American South during Jim Crow, Levitsky and Ziblatt show how democracies die—and how ours can be saved. Praise for How Democracies Die “ What we desperately need is a sober, dispassionate look at the current state of affairs. Steven Levitsky and Daniel Ziblatt, two of the most respected scholars in the field of democracy studies, offer just that. ” —The Washington Post “ Where Levitsky and Ziblatt make their mark is in weaving together political science and historical analysis of both domestic and international democratic crises; in doing so, they expand the conversation beyond Trump and before him, to other countries and to the deep structure of American democracy and politics. ” —Ezra Klein, Vox “ If you only read one book for the rest of the year, read How Democracies Die. . . .This is not a book for just Democrats or Republicans. It is a book for all Americans. It is nonpartisan. It is fact based. It is deeply rooted in history. . . . The best commentary on our politics, no contest. ” —Michael Morrell, former Acting Director of the Central Intelligence Agency (via Twitter) “ A smart and deeply informed book about the ways in which democracy is being undermined in dozens of countries around the world, and in ways that are perfectly legal. ” —Fareed Zakaria, CNN

One of the 20th century’s enduring works, One Hundred Years of Solitude is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize–winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendia family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendia family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential and comical, One Hundred Years of Solitude weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

A feel-good novel for fans of A Man Called Ove and The Rosie Project, about an eccentric, language-loving bachelor and the cat that opens his eyes to life ’ s little pleasures The Silver Linings Playbook author Matthew Quick: “ A delightfully absurd, life-affirming celebration. I literally stood up and cheered as I read the last page. ” When Samuel, a lonely linguistics lecturer, wakes up on New Year ’ s Day, he is convinced that the year ahead will bring nothing more than passive verbs and un-italicized moments—until an unexpected visitor slips into his Barcelona apartment and refuses to leave. The appearance of Mishima, a stray, brindle-furred cat, becomes the catalyst that leads Samuel from the comforts of his favorite books, foreign films, and classical music to places he ’ s never been (next door) and to people he might never have met (a neighbor with whom he ’ s never exchanged a word). Even better, the Catalan cat leads him back to the mysterious Gabriela, whom he thought he ’ d lost long before, and shows him, in this international bestseller for fans of The Rosie Project, The Solitude of Prime Numbers, and A Man Called Ove, that sometimes love is hiding in the smallest characters.
