Motor Company and sold under the Mercury brand. It served as a rebadged variant of the Ford Taurus, with a few cosmetic changes. The Sable was a milestone design for both Mercury and the entire American automotive industry, as well as a very influential vehicle in the marketplace, with Mercury assembling 2,112,374 cars during its first 20 years of production through 2005. The Sable's design was so futuristic, that it was called by the press "The car that came from the moon." An important feature of the Sable's design was its front "lightbar," a low-wattage lamp between the front headlamps. This later became mainstream for Mercury's line-up, and was copied by many automakers in the early nineties. The Sable was refreshed in 1992 and received its first complete redesign in 1996. Minor styling changes in 2004 further refined the car. The Sable station wagon ended production in 2004 and sedan production ended on April 29, 2005. The Ford Taurus remained in production through the 2007 model year, primarily for service as a fleet vehicle. Taurus production ended on October 27, 2006. At the Chicago Auto Show on February 7, 2007, Ford CEO Alan Mulally unveiled a refreshed version of the Mercury Montego sedan and announced that the new name of the car would be "Sable," due to customer recognition and dealer demand....

When Democrats made ethics the centerpiece of their 2006 campaign, respected bloggers Matt Margolis and Mark Noonan went to work online chronicling the corruption endemic to the Democratic Party. But there's so much more to Democratic corruption than can be told online! In *Caucus of Corruption: The Truth About The New Democratic Majority*, Margolis and Noonan take dead aim at the ethical leaders of today's ruling party. You'll discover.. Nancy Pelosi's cronyism, campaign finance and immigration law violations . Harry Reid's questionable land deals and connections to disgraced lobbyists and billionaire casino owners. Media darling Barack Obama's cozy relationship with the indicted fundraiser next door. Clinton foot soldier Rahm Emanuel's love for dirty money . William Jefferson's refrigerated \$80,000 cash stash and much, much more! The definitive resource on Democratic corruption, *Caucus of Corruption* is a must-read for conservatives, political junkies, and everyone concerned about the dubious ethics and goals of the new Democratic ruling class.
