In *High Probability Trading Strategies*, author and well-known trading educator Robert Miner skillfully outlines every aspect of a practical trading plan—from entry to exit—that he has developed over the course of his distinguished twenty-plus-year career. The result is a complete approach to trading that will allow you to trade confidently in a variety of markets and time frames. Written with the serious trader in mind, this reliable resource details a proven approach to analyzing market behavior, identifying profitable trade setups, and executing and managing trades—from entry to exit.

Praise for *FOREX CONQUERED* "In this amazing book, John covers it all. From trading systems to money management to emotions, he explains easily how to pull money consistently from the most complicated financial market in the world. John packs more new, innovative information into this book than I have ever seen in a trading book before." —Rob Booker, independent currency trader "John Person is one of the few rare talents that are uniquely qualified to help traders understand the process of successful trading. With today's markets becoming increasingly challenging, John has cut right into the essentials and brought forward the much-needed tools of forex trading. This clear and well-organized publication is a major

step forward in helping traders gain an edge. I would highly recommend *Forex Conquered* as a valuable handbook for both aspiring and experienced traders alike." □Sandy Jadeja, Chief Market Analyst and Editor London Stock Exchange, London, England "Forex Conquered is a bold title, but this book delivers the tools needed for successful forex trading. There is no fluff here, just the wisdom of a trading veteran that I have always respected-and followed." □Michael Kahn, Editor, Quick Takes Pro market letter and Columnist, Barron's Online "This is a wonderful, in-depth view into the explanation of technical analysis and prudent money management guidelines in the forex market." □Blake Morrow, President, 4XMadeEasy "Forex Conquered is a meaningful contribution to the growing number of books on forex trading. John Person provides a professional view of forex trading that readers will be able to use as a guide for strategies and tactics that work. The scope of the book covers more than forex and includes salient aspects of futures and option trading. It should be read and then re-read!" □Abe Cofnas, President, Learn4x.com Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

While most books on trading deal with general concepts and shy away from specifics, *Forex Patterns and Probabilities* provides you with real-world strategies and a rare sense of clarity about the specific mechanics of currency trading. Leading trading educator Ed Ponsi will explain the driving forces in the currency markets and will provide strategies to enter, exit, and manage successful trades. Dozens of chart examples and explanations will guide you each step of the way and allow the reader to "look over the shoulder" of a professional trader hard at work at his craft. This book provides traders with step-by-step methodologies that are based on real

market tendencies. The strategies in this book are presented clearly and in detail, so that anyone who wishes to learn how to trade like a professional. It is written in a style that is easy to understand, so that the reader can quickly learn and use the techniques provided.

A common denominator among most new traders is that, within six months of launching their new pursuit, they are out of money and out of trading. High-Probability Trading softens the impact of this "trader's tuition," detailing a comprehensive program for weathering those perilous first months and becoming a profitable trader. This no-nonsense book takes a uniquely blunt look at the realities of trading. Filled with real-life examples and intended for use by both short- and long-term traders, it explores each aspect of successful trading.

In High-Probability Techniques for Trading Forex the author and trading educator Anthony Prescott PhD skillfully outlines every aspect of a practical trading plan—from entry to exit—that he has developed over the course of his distinguished twenty-plus-year career. The result is a complete approach to trading that will allow you to trade confidently in a variety of markets and time frames. Written with the serious trader in mind, this reliable resource details a proven approach to analyzing market behavior, identifying profitable trade setups, and executing and managing trades—from entry to exit. This book will provide you with a reliable and robust trading method which has been refined via manual testing, demo testing and live trading. This High Probability Trading Method can be traded on any time frame you choose.
