This book examines how staff and students opposed the legislation to place the college under government control and reduce its staff to civil servants. The affairs of the college are discussed against the background of rapidly changing conditions in South Africa, with campus disturbances and protests sometimes linked to the wider application of apartheid."--BOOK JACKET.

This book brings together a wide range of topics in leadership ethics and business ethics. It approaches these topics from the perspective of the humanities as well as the social sciences. About half of the book is on leadership and the other half on topics in business ethics. Besides these general areas of research, the book explores how to teach and study ethics in both business ethics and leadership studies. Specifically, it examines issues ranging from the nature of ethical leadership, to studies of authenticity, virtue, and the public and private morality of leaders. In business ethics, the subjects covered span from moral imagination, to casuistry, meaningful work, and workplace ethics. The book includes a section on the importance of liberal arts for studying and teaching ethics in business and professional schools. It concludes with a reflection on the ethical challenges of leaders and followers in a world where some leaders have inverted moral values.

‘We can say without fear of being contradicted by history, that June 16, 1976 heralded the beginning of the end of the centuries-old white rule in this country.’ Nelson Mandela Originally banned on publication by the apartheid government, *Year of Fire, Year of Ash* is an eye-opening account of how, in June 1976, 20,000 school students faced down the tanks and guns of a vicious racist regime, in a revolt that galvanized the black working-class and became a pivotal turning point for the anti-apartheid movement. More than this, the book overturns much of the conventional logic that served to explain the event at the time, showing it was not simply a student protest, but part of a wider uprising. Released in this new edition to mark the fortieth anniversary, *Year of Fire, Year of Ash* provides an unparalleled insight into the origins and events of the uprising, from its antecedents in the 1920s to its role in inspiring global solidarity against apartheid. As South Africa experiences a new wave of popular discontent, and as new forms of black consciousness come to the fore in movements around the world, Baruch Hirson’s book provides a timely reminder of the Soweto revolt’s continued significance to struggles against oppression today.

This much-awaited volume uncovers the long-lost pages of the major African multilingual newspaper, *Abantu-Batho*. Founded in 1912 by African National Congress (ANC) convenor Pixley Seme, with assistance from the Swazi Queen, it was published up until 1931, attracting the cream of African politicians, journalists and poets Mqhayi, Nontsisi Mgqweth, and Grendon. In its pages burning issues of

the day were articulated alongside cultural by-ways. The People's Paper - comprising both essays and an anthology - explores the complex movements and individuals that emerged in the almost twenty years of its publication. The essays contribute rich, new material to provide clearer insights into South African politics and intellectual life. The anthology unveils a judicious selection of never-before published columns from the paper spanning every year of its life and drawn from repositories on three continents. Abantu-Batho had a regional and international focus, and by examining all these dynamics across boundaries and disciplines, The People's Paper transcends established historiographical frontiers to fill a lacuna that scholars have long lamented.
