Rekha's sexual openness raised eyebrows and rattled people. Bollywood wasn't ready for such an irrepressible woman, and tried to suppress her. This book tells the truth about her relationship with the reigning superstar of the time, her many other lovers, and the shocking suicide of her husband

Palmistry is an integral part of Jyotish practice (astrology) that helps to determine an individual's physical, mental and karmic potential. A full explanation of how to read a palm from the point of view of Vedic wisdom is provided, with tips on how to identify and time those areas impacting on wealth, health and longevity. This book teaches you to analyse the possible implications of life-events as seen from the lines (Rekha) on the palm. This book also offers a number of methods to placate astrological influences via the use of yantra, mantra and gemstones, for example, explaining which gemstones to wear and on which finger. This guide is a thorough introduction to the practice of Vedic palmistry for students and practitioners of the Vedic tradition and those with a general interest in the occult sciences of India, but also for anyone interested in what the hand can tell them about their life potential and circumstances.

The mountain-goddess of many names, wife of Shiva, the third person of the Hindu Trinity, who is here termed Shambhu for Swayambhu, the Self-Existent. The invocation is abrupt and does not begin with the beginning, Ganesha (Janus), Lord of Incepts, who is invariably invoked by the Hindu, that he may further the new undertaking. This god is worshipped under the form of a short stout man, with an elephant's trunk and protuberant belly. (See Vol. III, P. 38, "A View of the History, Literature, and Mythology of the Hindus," by William Ward, of Serampore, London, 1832.) The loves of Krishna and the sixteen thousand milkmaids are recorded in the Bhagavat; this eleventh incarnation of Vishnu is a dark-blue man, playing with both hands upon the pipe, whilst Radha, his wife, stands his left side. Kamadeva, or the Hindu Cupid, the son of Bramha, is represented as a beautiful youth, the most lovely of all the gods, holding a bow and flower-tipped arrow, with which, while wandering through perfumed glades, accompanied by Rati, his spouse, he wounds the hearts of the inhabitants of the Triloka or Three Worlds. Sir William Jones says that he appears to correspond with the Greek Eros and the Roman Cupido, but that the Indian

description of his person and arms, his family, attendants and attributes has new and peculiar beauties. Sambar' A'sura was one of the Rakshasas, gigantic and diabolical beings, whom Kama slew.

An authoritative primer to Jyotish, or Vedic Astrology, this book draws on the author's extensive study of the tradition. Andrew Mason explains in detail the practical applications of Jyotish, introduces the planets, signs and houses, as well as the many rich and highly entertaining mythologies of the system with an explanation of how to interpret them. He also covers Vedic Astrology's sister science, Ayurveda, and describes how they interact to provide insight into celestial timing, sustained health and general wellbeing. With sample charts that show the applications throughout, the book provides a complete and accessible resource on Jyotish for students of Indian astrology and Ayurveda practitioners. It will also be of interest to anyone with a passion for astrology.

This Is A New Release Of The Original 1917 Edition.

The Andaman and Nicobar Islands, India, consist of 572 islands with a land area of 8,249 km². Their topography is hilly and undulating, with elevations up to 732 m on the Andaman and up to 568 m on the Nicobar Islands. They are known for their rich biodiversity and a very high degree of endemism in all taxa, especially in plants, reptiles, fishes and corals. Their habitats include bays, mangroves, moist deciduous forests and evergreen forests. Comprising 20 chapters each written by an expert or professional in his/her particular field this book offers new insights into the fascinating faunal communities of these islands and provides the fundamentals for their conservation and environmental management.

1900 a practical treatise on the art commonly called palmistry. with 800 illustrations from life. Some of the Contents: Basis of Our Work; Plan of Creation; Mount Types; Life Current; General Attributes of the Lines; Pose & Carriage of the Hands;

This book investigates the ways in which the evidence base is influencing complementary and alternative medicine in general and Ayurveda and allied health practices in particular. The latter have traditionally been prevalent in Asia and are now increasingly attracting interest worldwide. The book is divided into four sections, the first of which examines issues related to acquisition and evaluation of the evidence base. Evidence-based approaches to Ayurvedic diagnosis and therapy are then examined, with a special focus on management of cardiovascular and rheumatological diseases, dental care, and rejuvenating treatments. The final section explores further the challenges of applying evidence-based practice in contemporary and alternative medicine and Ayurveda with a focus upon the issues requiring urgent attention in ongoing decade. The same involves encompassing areas such as Ayurvedic pharmaceuticals, practice, education and research within an evidence-based perspective.

This book constitutes revised selected papers from the International Conference on Advanced Computing, Networking and Security, ADCONS 2011, held in Suratkal, India, in December 2011. The 73 papers included in this book were carefully reviewed and selected from 289 submissions. The papers are organized in topical sections on distributed computing, image processing, pattern recognition, applied algorithms, wireless networking, sensor networks, network infrastructure, cryptography, Web security, and application security.
