Multiple Choice Questions (MCQs) are the backbone for all entrance examinations throughout the world. MCQs are used to evaluate student's cognitive acumen in all the fields and discipline. This book contains 28 chapters covering almost all of the biochemistry syllabus through 3500+ MCQs. Each MCQ is validated from the reference biochemistry books. The book is mainly designed for the undergraduate, postgraduate, MBBS medical biochemistry students of medical, pharmacy, physiotherapy, nursing, medical laboratory sciences and other allied courses. This book can also be useful for the PG entrance exam of various universities, NET examinations, USMLE entrance examinations, etc. It includes questions from all categories, i.e. from the simplest ones to real brain teasers, in order to cater the needs of the unprepared students who start studying at the eleventh hour, besides, of course, the committed ones who are well conversant with the subject. The book is based on the current pattern of exam, and will prove very useful for studying, practice and during precious moments before the exam for reference and revision. It is highly recommended to sharpen your problem solving skills with thorough practice of numerous questions provided in the book, and prepare to face the exam confidently and successfully.

Before it was a fact of life, free trade was a much-debated issue in Canadian politics. The Free Trade Papers strips away the rhetoric and shows just what the key players--both American and Canadian--hoped to win and feared to lose under free trade. Duncan Cameron has identified the key documents expressing the views of both the boosters and critics of free trade, including private communications from President Reagan and U.S. trade ambassador Peter Murphy. Statements of dissent and some excellent political journalism are included in this volume, along with important research on the economic basis of free trade. The Free Trade Papers offers a vital, immediate primer of one of the most contentious debates in twentieth-century Canadian history.
