Brent and
illustrated by Harry
Lazarus, showing
how to set up your
own home
laboratory and
conduct over 200
experiments. The
book is
controversial, as
many of the
experiments
contained in the
book are now

File Type PDF

Fun Easy

Chemical
Reaction
Experiments
High School
considered too dangerous for the general public.

There are apparently only 126 copies of this book in libraries worldwide. Despite this, its known as one of the best DIY chemistry books every published. The book was a source of

File Type PDF

Fun Easy

inspiration to David Hahn, nicknamed "the Radioactive Boy Scout" by the media, who tried to collect a sample of every chemical element and also built a model nuclear reactor (nuclear reactions however are not covered in this book), which led to

File Type PDF

Fun Easy

Chemical Reaction Experiments High School

the involvement of the authorities. On the other hand, it has also been the inspiration for many children who went on to get advanced degrees and productive chemical careers in industry or academia.

Science isn't

Page 51/78
