The first permanent Huguenot settlement in New Jersey was made at Hackensack in 1677, with a second at Princeton a few years later. Following the revocation of the Edict of Nantes by Louis XIV in 1685, Huguenots settled widely throughout the colony. This work, prepared by the former treasurer of the Huguenot Society of New Jersey, contains thumbnail genealogical and biographical sketches of hundreds of early Huguenot families in the Garden State.

This book provides anyone interested in learning to play drums with all the information they need to get started. Packed with useful tips and simple illustrated lessons that are easy to understand, you'll be jamming in no time. Includes a free audio CD with play-along tracks. Over 40,000 copies have been sold worldwide. This beautiful hardcover book with internal wire-o binding is 6.5in x 8in, a perfect size for readers to keep handy. The binding allows it to lie open flat for easy reference during practice. The stylish design of the book, along with the interior photographs, illustrations and diagrams, make the learning process simple and fun for beginners and enthusiasts. The audio CD included with the book can be used for examples and accompaniment. Lessons on notes and rests, time signatures, measures, and clefts, and other methods of reading music and keeping the beat will help drummers get up to speed fast. A history of the drums, along with an anatomy of a drumset, descriptions of cymbals, and other equipment drummers need to be at their best, will walk beginners through the art rhythm beats.

(Bass Recorded Versions). 32 funk classics transcribed note-for-note with tablature for bass, including: Brick House * Car Wash * Fire * Higher Ground * Le Freak * Love Rollercoaster * Pick up the Pieces * Super Freak * and more.

The incredible diversity of the bass guitar is revealed in this all-inclusive style guide. Each chapter covers particular styles or families of styles, gradually introducing players to techniques that will allow them to get the most out of their instrument and easily increase their bass repertoire. More than 400 bass grooves are presented, spanning an excess of 100 styles that musicians can follow along with on each of the two accompanying CDs. In addition to techniques for mastering the various styles, historical information about how they developed is included, giving players a one-of-a-kind opportunity to be true masters of the bass guitar.
