COSIT,theseriesofConferencesonSpatialInformationTheory,hasbeenaround for more than ten years. Its hallmarks are a fruitful interdisciplinary dialogue between computational and human perspectives on spatio-temporal information and a thorough review process that selects the best papers while giving all - thors detailed feedback on how to develop their work. A clear pro?le of the COSIT community has emerged from the series of conference proceedings, all published as Springer Lecture Notes in Computer Science, and from the per- nent web site at <http://www.cosit.info>, containing links to the conference web sites and proceedings, a history and program of the series, an impact study, interviews with participants, and pictures. The proceedings of this sixth conference provide ample evidence that COSIT is healthy and maturing, while retaining its youth. Out of the 61 submissions, the program committee selected 26 papers for presentation, in discussions based on at least three double-blind reviews and one or more meta-review from PC members for each paper. Classical COSIT themes, such as spatial reasoning (about distances and directions, regions and shapes) or vagueness are being f- ther re?ned; topics like way?nding and landmarks are boosted by new synergies betweencognitiveandcomputationalapproaches.andthestudyofontologiesfor space and time, a subject since the 7rst COSIT, is gaining more depth.

A Book of the Year, Uncut 'A wild rock 'n' roll fairground ride of the damned.' Observer \*\*\* We arrived in a fleet of white stretch limos at a clearing in a wood near Woking. Here the K Foundation was exhibiting a million pounds in cash, while Bill Drummond and Jimmy Cauty circled the perimeter in two orange Saracen armoured vehicles, blasting out Abba's 'Money Money Money' ... Mick Houghton worked with some of the greatest, most influential and downright dysfunctional cult groups of the post-punk era and beyond - Ramones, Talking Heads, The Jesus and Mary Chain, The Undertones, Felt and Sonic Youth among them. But the three acts Mick is most closely identified with are Echo & the Bunnymen, Julian Cope, and the KLF. As confidant and co-conspirator, he navigated the minefield of rivalries and contrasting fortunes which make Fried & Justified such a candid, amusing and insightful picture of an exciting and inspirational period for music.
