international business; human resources information systems and technology. For practicing Human Resource Managers as well as any business managers who deal with human resource/personnel issues.

For courses in Management. Modern Human Resources: Technology, Social Media, and Management Human Resource Management provides readers with the daily tools and skills they need to function as successful managers--in both human resources and business in general. With a practical approach, the text explores the evolution of the field, highlighting the introduction of revolutionary new technologies and social media platforms such as LinkedIn and cloud computing. The Fifteenth Edition focuses on the positive impacts technology has had on the HR field. The ability to vet potential employees on the Internet shifts more HR responsibilities to managers, leaving HR departments with more time to carry out strategic, long-term endeavors for boosting employee performance and engagement. With a heavy focus on emerging industry trends, the text prepares readers with everything they need to be successful managers and HR personnel in the 21st century. Also Available with MyManagementLab® This title is available with MyManagementLab – an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. This market-leading text takes a pragmatic approach emphasizing the strategic role of human resources. Comprehensive, research-based coverage includes all major topics identified on the Human Resource Certification Institutes Content Outline. Coverage includes a global chapter, expanded coverage of diversity, new material on performance management, and current hot topics such as self-directed work teams, shamrock organization, broadbanding, competency-based pay systems, job security, violence in the workplace, and how organizational commitment affects production, quality, and service.

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each

title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Directed primarily toward undergraduate courses in human resource management, this text also provides practical content to current and aspiring industry professionals. Fundamentals of Human Resource Management covers a wide range of HR topics and shows readers the importance of human resource management within the restraints of a compact semester. Offering a wealth of functional examples and applications, this text emphasizes the notion that all managers need basic human resource management skills. This edition is the first text on the market to build its core around the talent management process--which the author defines as the goal-oriented and integrated process of planning, recruiting, developing, managing, and compensating employees. Note: This is the standalone book, if you want the book/access card order the ISBN below: 013335508X / 9780133355086 Fundamentals of Human Resource Management Plus MyManagementLab with Pearson eText -- Access Card Package Package consists of: 0132994909 / 9780132994903 Fundamentals of Human Resource Management 0133020215 / 9780133020212 MyManagementLab with Pearson eText -- Access Card -- for Fundamentals of Human Resource Management

Have you ever wondered what characteristics are shared by successful business leaders? Have you ever asked yourself what it is that they do differently which makes them and their organisations stand out from the crowd? And what can you learn from them to ensure your own success? If so, The Book of Leadership is for you. Over the last six years, Anthony Gell has conducted interviews with some of the most successful CEOs, entrepreneurs and business thinkers in the world, including Sir Terry Leahy, former CEO of Tesco, Richard Reed, founder of innocent drinks, Olaf Swantee, CEO of EE and Daniel Goleman, author of the bestselling Emotional Intelligence. Now for the first time, he is bringing together hours of exclusive interview footage into a single resource for anybody looking to improve their leadership skills. In The Book of Leadership he combines his own experiences as a CEO with those of the leaders he has interviewed to provide insights and advice in three core areas: * Part 1 looks at leaders as individuals and reveals the personal habits and attributes that have laid the foundations for their success. * Part 2 focuses on what it takes to build and motivate a world class team * Part 3 goes beyond team leadership to identify how the habits of effective leadership are carried through on a larger scale in organisations.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. A Framework for Human Resource Management provides readers and practicing managers with a concise yet thorough review of essential HR management concepts – including fundamental practices, methods, topics, and relevant legal findings – in a highly readable and accessible format.
