Edition and the campaign's agenda in a context of Israel's occupation of Palestine. Original.

The sequel to the acclaimed *Gaza in Crisis* from world-famous political analyst Noam Chomsky and Middle East historian Ilan Pappé. Operation Protective Edge, Israel's 2014 assault on Gaza, left thousands of Palestinians dead and cleared the way for another Israeli land grab. The need to stand in solidarity with Palestinians has never been greater. Ilan Pappé and Noam Chomsky, two leading voices in the struggle to liberate Palestine, discuss the road ahead for Palestinians and how the international community can pressure Israel to end its human rights abuses against the people of Palestine. Praise for *Gaza in Crisis* by Noam Chomsky and Ilan Pappé "This sober and unflinching analysis should be read and reckoned with

Edition Palestinian enclave, offers her insights and reflections on what she saw and learned, the joys, and the sudden fears, and gives a moving portrait of the resilient Palestinian people. Reprint.

Rafah, a town at the southernmost tip of the Gaza Strip, is a squalid place. Raw concrete buildings front rubbish-strewn alleys. The narrow streets are crowded with young children and unemployed men. Situated on the border with Egypt, swaths of Rafah have been reduced to rubble. Rafah is today and has always been a notorious flashpoint in this most bitter of conflicts. Buried deep in the archives is one bloody incident, in 1956, that left 111 Palestinian refugees dead, shot by Israeli soldiers. Seemingly a footnote to a long history of killing, that day in Rafah - coldblooded massacre or dreadful mistake - reveals the competing truths that have

Read Online Gaza En Crisis Gaza In Crisis Spanish

Edition come to define an intractable war. In a quest to get to the heart of what happened, Joe Sacco arrives in Gaza and, immersing himself in daily life, uncovers Rafah, past and present. Spanning fifty years, moving fluidly between one war and the next, alive with the voices of fugitives and schoolchildren, widows and sheikhs, *Footnotes in Gaza* captures the essence of a tragedy. As in *Palestine and Safe Area Goražde*, Joe Sacco's unique visual journalism has rendered a contested landscape in brilliant, meticulous detail. *Footnotes in Gaza*, his most ambitious work to date, transforms a critical conflict of our age into intimate and immediate experience.

"In its comprehensive sweep, deep probing and acute critical analysis, Finkelstein's study stands alone."--Noam Chomsky "No one who ventures an opinion on Gaza . . .

is entitled to do so without taking into account the evidence in this book." --The Intercept

The Gaza Strip is among the most densely populated places in the world. More than two-thirds of its inhabitants are refugees, and more than half are under eighteen years of age. Since 2004, Israel has launched eight devastating "operations" against Gaza's largely defenseless population. Thousands have perished, and tens of thousands have been left homeless. In the meantime, Israel has subjected Gaza to a merciless illegal blockade. What has befallen Gaza is a man-made humanitarian disaster. Based on scores of human rights reports, Norman G. Finkelstein's new book presents a meticulously researched inquest into Gaza's martyrdom. He shows that although Israel has justified its assaults in the name of self-defense, in fact these actions constituted flagrant violations of

Read Online Gaza En Crisis Gaza In Crisis Spanish

international law. But Finkelstein also documents that the guardians of international law--from Amnesty International and Human Rights Watch to the UN Human Rights Council--ultimately failed Gaza. One of his most disturbing conclusions is that, after Judge Richard Goldstone's humiliating retraction of his UN report, human rights organizations succumbed to the Israeli juggernaut. Finkelstein's magnum opus is both a monument to Gaza's martyrs and an act of resistance against the forgetfulness of history.

Cutting-edge analysis on how to improve life inside the Gaza Strip through architecture and design, illustrated in full-color The Gaza Strip is one of the most beleaguered environments on earth. Crammed into a space of 139 square miles (360 square kilometers), 1.8 million

Read Online Gaza En Crisis Gaza In Crisis Spanish

People live under an Israeli siege, enforcing conditions that continue to plummet to ever more unimaginable depths of degradation and despair. Gaza, however, is more than an endless encyclopedia of depressing statistics. It is also a place of fortitude, resistance, and imagination; a context in which inhabitants go to remarkable lengths to create the ordinary conditions of the everyday and to reject their exceptional status. Inspired by Gaza's inhabitants, this book builds on the positive capabilities of Gazans. It brings together environmentalists, planners, activists, and scholars from Palestine and Israel, the US, the UK, India, and elsewhere to create hopeful interventions that imagine a better place for Gazans and Palestinians. Open Gaza engages the Gaza Strip within and beyond the logics of siege and warfare, it considers how life can be improved inside

organisations to defend democracy in the Jewish state is alienating many young liberal Jews from Zionism itself. In the next generation, the liberal Zionist dream, the dream of a state that safeguards the Jewish people and cherishes democratic ideals, may die. In *The Crisis of Zionism*, Peter Beinart lays out in chilling detail the looming danger to Israeli democracy and the American Jewish establishment's refusal to confront it. And he offers a fascinating, groundbreaking portrait of the two leaders at the centre of the crisis: Barack Obama, America's first 'Jewish president', a man steeped in the liberalism he learned from his many Jewish friends and mentors in Chicago; and Benjamin Netanyahu, the Israeli prime minister who considers liberalism the Jewish people's special curse. These two men embody fundamentally different visions, not just of American and Israeli national interests, but

Read Online Gaza En Crisis Gaza In Crisis Spanish

of the mission of the Jewish people itself. Beinart concludes with provocative proposals for how the relationship between American Jews and Israel must change, and with an eloquent and moving appeal for American Jews to defend the dream of a democratic Jewish state before it is too late.

Diplomats, politicians and activists alike have long laboured under the assumption that a two-state solution is the only path to peace between the Israelis and the Palestinians. But as this conflict continues unabated, and violence and instability deepen, it seems that the ideal of two states coexisting alongside each other and the ever-elusive goal of peace slip further from reach. *The Failure of the Two-State Solution* examines the impasse in the Israel-Palestine conflict, exploring the reasons behind the breakdown of attempts

Read Online Gaza En Crisis Gaza In Crisis Spanish

to establish a meaningful Palestinian state. This book therefore points to another - until recently unthinkable - option: a single bi-national state in Israel-Palestine, with all inhabitants sharing in equal rights and citizenship, regardless of ethnicity or faith. Hani A. Faris has drawn together a wide-ranging and in-depth analysis of the historical and current situation in Israel-Palestine. By analysing the history of the conflict in Israel-Palestine and its numerous peace initiatives, this book demonstrates how the current deadlock has been reached. With a nascent Palestinian state hampered by Israeli security policy and internal political divisions and the continuing expansion of the Israeli settlements in the West Bank, it is argued here that the viability of the two-state solution seems to have run its course. And so highlights the one-state solution as an option, and debates and develops the

Read Online Gaza En Crisis Gaza In Crisis Spanish

Edition organisational steps and strategies, on a local and international level, that would enable the construction of a bi-national state. With scholars from the US, Europe, the Arab world and Israel analysing the possibility of a one-state solution and the shortcomings of the two-state track, this is an important and ground-breaking book for students of Politics, International Relations, Peace Studies and Middle East Studies and all interested in the resolution of this seemingly intractable conflict.
