Piano/Keyboard Methods/Series

The revival of August Wilson's Pulitzer Prize-winning play starring Samuel L. Jackson, Danielle Brooks, and John David Washington is now on Broadway! Winner of the New York Drama Critics Circle Award for Best Play, this modern American classic is about family, and the legacy of slavery in America. August Wilson has already given the American theater such spell-binding plays about the black experience in 20th-century America as Ma Rainey's Black Bottom, Joe Turner's Come and Gone, and the Pulitzer Prize-winning Fences. In his second Pulitzer Prize-winner, The Piano Lesson, Wilson has fashioned perhaps his most haunting and dramatic work. At the heart of the play stands the ornately carved upright piano which, as the Charles family's prized, hard-won possession, has been gathering dust in the parlor of Berniece Charles's Pittsburgh home. When Boy Willie, Berniece's exuberant brother, bursts into her life with his dream of buying the same Mississippi land that his family had worked as slaves, he plans to sell their antique piano for the hard cash he needs to stake his future. But Berniece refuses to sell, clinging to the piano as a reminder of the history that is their family legacy. This dilemma is the real "piano lesson," reminding us that blacks are often deprived both of the symbols of their past and of opportunity in the present.

(Piano Method). Here is a fun, easy course that teaches children how to improvise and play jazz piano faster than ever before. Kids will stay motivated as they improvise on popular children's songs arranged in a jazz style, while the opportunity to play alongside video accompaniments will inspire a love for performance. Every song seamlessly integrates a new improvisatory skill, systematically building upon previous learning and enabling the student to progress with confidence. Including exclusive access to video tutorials, this book is the definitive introduction to improvisation and jazz piano. The method can be used in combination with a teacher or parent. Topics covered include: swing and syncopation * echo playing * call and response * rock and swing grooves * improvising on 1-5 notes * hearing chord changes * 12-bar blues * and more.
