British TV has made five series based on Delderfield's books.

~~God's Long Summer: Stories of Faith and Civil Rights —~~

In the summer of 1964, the turmoil of the civil rights movement reached its peak in Mississippi, with activists across the political spectrum claiming that God was on their side in the struggle over racial justice. This was the summer when violence against blacks increased at an alarming rate and when the murder of three civil rights workers in Mississippi resulted in national media attention. Charles Marsh takes us back to this place and time, when the lives of activists on all sides of the civil rights issue converged and their images of God clashed. He weaves their voices into a gripping narrative: a Ku Klux Klansman, for example, borrows fiery language from the Bible to link attacks on blacks to his "priestly calling"; a middle-aged woman describes how the Gospel inspired her to rally other African Americans to fight peacefully for their dignity; a SNCC worker tells of harrowing encounters with angry white mobs and his pilgrimage toward a new racial spirituality called Black Power. Through these emotionally charged stories, Marsh invites us to consider the civil rights movement anew, in terms of religion as a powerful yet protean force driving social action. The book's central figures are Fannie Lou Hamer, who "worked for Jesus" in civil rights activism; Sam Bowers, the Imperial Wizard of the White Knights of the Ku Klux Klan of Mississippi; William Douglas Hudgins, an influential white Baptist pastor and unofficial theologian of the "closed society"; Ed King, a white Methodist minister and Mississippi native who campaigned to integrate Protestant congregations; and Cleveland Sellers, a SNCC staff member turned black militant. Marsh focuses on the events and religious convictions that led each person into the political upheaval of 1964. He presents an unforgettable American social landscape, one that is by turns shameful and inspiring. In conclusion, Marsh suggests that it may be possible to sift among these narratives and lay the groundwork for a new thinking about racial reconciliation and the beloved community. He maintains that the person who embraces faith's life-affirming energies will leave behind a most powerful legacy of social activism and compassion.

Through five intensely personal and emotional stories, Marsh asks us to consider the civil rights movement anew and to view religion as a powerful yet protean force driving social action.

Examines the influence of religion on the civil rights struggle at its peak in Mississippi during the summer of 1964, highlighting the events and religious convictions that drove whites and blacks of every allegiance into the civil rights upheaval. UP.

Historian and theologian Charles Marsh partners with veteran activist John Perkins to chronicle God's vision for a more equitable and just world. Now updated to reflect on current social realities, this book shows how abandoned places are being restored, divisions are being reconciled, and what individuals and communities are now doing to welcome peace and justice.

The Pulitzer Prize-winning history of the Scopes Trial and the battle over evolution and creation in America's schools. In the summer of 1925, the sleepy hamlet of Dayton, Tennessee, became the setting for one of the twentieth century's most contentious courtroom dramas, pitting William Jennings Bryan and the anti-Darwinists against a teacher named John Scopes, represented by Clarence Darrow and the ACLU, in a famous debate over science, religion, and their place in public education. That trial marked the start of a battle that continues to this day in cities and states throughout the country. Edward Larson's classic Summer for the Gods -- winner of the Pulitzer Prize in History -- is the single most authoritative account of this pivotal event. An afterword assesses the state of the battle between creationism and evolution, and points the way to how it might potentially be resolved.

This memoir by Cleveland Sellers, a SNCC volunteer, traces his zealous commitment to activism from the time of the sit-ins, demonstrations, and freedom rides in the early '60s. In a narrative encompassing the Mississippi Freedom Summer (1964), the historic march in Selma, the Democratic National Convention in Atlantic City, and the murders of civil rights activists in Mississippi, he recounts the turbulent history of SNCC and tells the powerful story of his own no-return dedication to the cause of civil rights and social change.

A portrait of the German pastor-theologian draws on new research to cover the 1930 visit to America that shaped his perspectives on faith and moral responsibility, his achievements as an anti-Nazi activist and the plot against Hitler that would result in his execution. 35,000 first printing.

The beloved, bestselling classic that became the movie, A CHRISTMAS STORY -- humorous and nostalgic Americana, reissued in a strikingly designed paperback edition. Before Garrison Keillor and Spalding Gray there was Jean Shepherd: a master monologist and writer who spun the materials of his all-American childhood into immensely resonant--and utterly hilarious--works of comic art. In God We Trust: All Others Pay Cash represents one of the peaks of his achievement, a compound of irony, affection, and perfect detail that speaks across generations. In God We Trust, Shepherd's wildly witty reunion with his Indiana hometown, disproves the adage "You can never go back." Bending the ear of Flick, his childhood-buddy-turned-bartender, Shepherd recalls passionately his genuine Red Ryder BB gun, confesses adolescent failure in the arms of Junie Jo Prewitt, and relives a story of man against fish that not even Hemingway could rival. From pop art to the World's Fair, Shepherd's subjects speak with a universal irony and are deeply and unabashedly grounded in American Midwestern life, together rendering a wonderfully nostalgic impression of a more innocent era when life was good, fun was clean, and station wagons roamed the earth. A comic genius who bridged the gap between James Thurber and David Sedaris, Shepherd may have accomplished for Holden, Indiana, what Mark Twain did for Hannibal, Missouri.

Speaking to his supporters at the end of the Montgomery bus boycott in 1956, Martin Luther King, Jr., declared that their common goal was not simply the end of segregation as an institution. Rather, "the end is reconciliation, the end is redemption, the end is the creation of the beloved community." King's words reflect the strong religious convictions that motivated the civil rights movement in the South in its early days. Standing courageously on the Judeo-Christian foundations of their moral commitments, civil rights leaders sought to transform the social and political realities of twentieth-century America. In The Beloved Community, Charles Marsh shows that the same spiritual vision that animated the civil rights movement remains a vital source of moral energy today. The Beloved Community lays out an exuberant new vision for progressive Christianity and reclaims the centrality of faith in the quest for social justice and authentic community.

"Will resonate with any readers interested in understanding American landscapes where white, evangelical Christianity dominates both politics and culture." --Publishers Weekly In the wake of the 2016 election, Lyz Lenz watched as her country and her marriage were torn apart by the competing forces of faith and politics. A mother of two, a Christian, and a lifelong resident of middle America, Lenz was bewildered by the pain and loss around her—the empty churches and the broken hearts. What was happening to faith in the heartland? From drugstores in Sydney, Iowa, to skeet shooting in rural Illinois, to the mega churches of Minneapolis, Lenz set out to discover the changing forces of faith and tradition in God's country. Part journalism, part memoir, God Land is a journey into the heart of a deeply divided America. Lenz visits places of worship across the heartland and speaks to the everyday people who often struggle to keep their churches afloat and to cope in a land of instability. Through a thoughtful interrogation of the effects of faith and religion on our lives, our relationships, and our country, God Land investigates whether our divides can ever be bridged and if America can ever come together. "God Land, Lyz Lenz's much-anticipated debut book, is a marvel. Not only is it a window into the middle America so many like to stereotype but fail to fully understand in all of its complexity, but it mixes reportage, memoir, and gorgeous prose so seamlessly I wanted to know how she did it." --Sarah Weinman, author of The Real Lolita
