Dr. Rhonda Sutton's second edition of the straightforward guide to progress notes includes additional examples, information, documentation, and clinical language that expands on the utility and readability of the first book. Additional case studies provide examples of how to use the STEPs to format notes. New chapters include information on clinical language and documentation. This book covers everything about progress notes, from how to write them, to how to store them, and even what to do when someone requests to them. In addition, clinical terms and abbreviations are included as well as suggestions for other clinical documentation such as termination letters, privacy statements, and professional disclosure statements. Suited for all types of mental health clinicians, this book will help therapists improve upon their progress notes and other forms of clinical documentation.

This book provides step-by-step guidelines, tips, and instruction on how to create and write psychotherapy treatment notes. Information and guidance are provided on how to write a treatment intake report, treatment progress notes, and termination summary. A number of sample notes, reports and templates are provided. The book also includes hundreds of representative statements for therapists to use in the design of their own psychotherapy progress notes. A valuable resource for experienced mental health professionals and trainees alike, from the creator of Note Designer therapy note-writing software. "A time-saving reference to capture the essence and the methods of professional note writing for psychotherapists. Easy to apply and great to keep close-by when writing reports and progress notes." --Alexandre Smith-Peter, Psy.D. candidate

The step-by-step guide to building and managing a profitable and successful practice or clinic Beyond your training as a therapist, the skills required to create and build a practice and to supervise others are typically not taught as part of your clinical training. There are myriad decisions you must make, including financial, organizational, and marketing decisions, that will determine the success and profitability of your practice, group practice, or clinic. The Well-Managed Mental Health Practice draws from author Donald Wiger's vast experience as owner and manager of both small and large mental health practices and clinics. This helpful resource provides sound

business practices, immediately useful insights into the accrediting process, and other critical information you will need to avoid legal trouble, ensure payment from individuals and third party payors, and create a thriving practice. Designed for practices or clinics of any size and at any stage of development--from start-up through mature business--this easy-to-follow book looks at all the issues involved with starting and running a mental health practice and offers:

- * Practical advice on how to increase business, develop your professional reputation, and set priorities, as well as helpful insights on customer service, employee relations, time management, and coping with stress
- * Indispensable tools for developing business and management skills to ensure smooth operation and maximum profitability
- * Useful tips for handling problems encountered by clinic directors and clinic decision-makers
- * Numerous sample forms and procedural documents

A vital reference for a wide range of mental health professionals, *The Well-Managed Mental Health Practice* is an important guide that will equip you with the skills necessary to develop a financially successful practice that survives and thrives.

"...Records must be kept for managed care reimbursement; for accreditation agencies; for protection in the event of lawsuits; to meet federal HIPAA regulations; and to help streamline patient care in larger practice groups, inpatient facilities, and hospitals...second edition provides the latest information on record keeping for intake, assessment, treatment planning, progress notes, and other essential areas..."--back cover.

All the forms, handouts, and records mental health professionals need to meet documentation requirements—fully revised and updated. The paperwork required when providing mental health services continues to mount. Keeping records for managed care reimbursement, accreditation agencies, protection in the event of lawsuits, and to help streamline patient care in solo and group practices, inpatient facilities, and hospitals has become increasingly important. Now fully updated and revised, the Fourth Edition of *The Clinical Documentation Sourcebook* provides you with a full range of forms, checklists, and clinical records essential for effectively and efficiently managing and protecting your practice. The Fourth Edition offers:

- Seventy-two ready-to-copy forms appropriate for use with a broad range of clients including children, couples, and families
- Updated coverage for HIPAA compliance, reflecting the latest The Joint Commission (TJC) and CARF regulations
- A new chapter covering the most current format on screening information for referral sources
- Increased coverage of clinical outcomes to support the latest advancements in evidence-based treatment
- A CD-ROM with all the ready-to-copy forms in Microsoft® Word format, allowing for customization to suit a variety of practices

From intake to diagnosis and treatment through discharge and outcome assessment, *The Clinical Documentation Sourcebook, Fourth Edition* offers sample forms for every stage of the treatment process. Greatly expanded from the Third Edition, the book now includes twenty-six fully completed forms illustrating the proper way to fill them out. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

Written for clinicians this guide provides an easily understood framework in which to set formalised goals, establish treatment objectives and learn diagnostic techniques. Professional forms are included in sample form for insurance purposes.

Disability evaluations are the most common clinical mental health evaluations conducted for nontreatment purposes. They place mental health professionals in the role of communicating information that is typically confidential to administrative and legal systems. Unfortunately, mental health professionals receive little to no training in conducting assessments that focus on disability and disability management, and often do not understand the implications and risks of providing this information, especially without conducting what are often specialized evaluations. *Clinical Guide to Mental Health Disability Evaluations* is geared for general mental health practitioners, providing them with the basic information needed to competently provide the various types of disability evaluations. It also provides enough information to inform forensic mental health providers in conducting more specialized evaluations.

Everything you need to know to record client intake, treatment, and progress—incorporating the latest managed care, accrediting agency, and government regulations. Paperwork and record keeping are day-to-day realities in your mental health practice. Records must be kept for managed care reimbursement; for accreditation agencies; for protection in the event of lawsuits; to meet federal HIPAA regulations; and to help streamline patient care in larger group practices, inpatient facilities, and hospitals. The standard professionals and students have turned to for quick and easy, yet comprehensive, guidance to writing a wide range of mental health documents, the Fourth Edition of *The Psychotherapy Documentation Primer* continues to reflect HIPAA and accrediting agency requirements as well as offer an abundance of examples. Fully updated to include diagnostic criteria of the DSM-5, *The Psychotherapy Documentation Primer, 4th Edition* is designed to teach documental skills for the course of psychotherapy from the initial interview to the discharge. The documentation principles discussed in the text satisfy the often-rigid requirements of third-party insurance companies, regulating agencies, mental health licensing boards, and federal HIPAA regulations. More importantly, it provides students and professionals with the empirical and succinct documentation techniques and skills that will allow them to provide clear evidence of the effects of mental health treatment while also reducing the amount of their time spent on paperwork.

Save hours of time-consuming paperwork with the bestselling treatment planning system *The Adult Psychotherapy Progress Notes Planner, Fifth Edition* contains complete prewritten session and patient presentation descriptions for each behavioral problem in *The Complete Adult Psychotherapy Treatment Planner, Fifth Edition*. The prewritten progress notes can be easily and quickly adapted to fit a particular client need or treatment situation. Saves you hours of time-consuming paperwork, yet offers the freedom to develop customized progress notes. Organized around 43 behaviorally based presenting problems, including depression, intimate relationship conflicts, chronic pain, anxiety, substance abuse, borderline personality, and more. Features over 1,000 prewritten progress notes (summarizing patient presentation, themes of session, and treatment delivered). Provides an array of treatment approaches that correspond with the behavioral problems and DSM-5™ diagnostic categories in *The Complete Adult Psychotherapy Treatment Planner, Fifth Edition*. Offers sample progress notes that conform to the requirements of most third-party payors and accrediting agencies, including CARF, The Joint Commission (TJC), COA, and the NCQA. Identifies the latest evidence-based care treatments with treatment language following specific guidelines set by managed care and accrediting agencies.
