Mayo Clinic Critical and Neurocritical Care Board Review is a comprehensive review of critical care medicine and neurocritical care to assist in preparation of the neurocritical care and general critical care boards.

Mayo Clinic Critical and Neurocritical Care Board Review is an all-inclusive review of the pathophysiology and care of the neurocritically ill and critically ill patient. The book reviews the core major critical care and neurocritical care disorders, underlying pathophysiology, treatment decisions with questions and answers for self-directed study and board review purposes. The text is succinct, to the point, relevant, informative, and up-to-date with information from recent clinical trials and facts based on evidence-based medicine. The references are up-to-date and include the most recent critical care guidelines for further study. The book is written and closely supervised by experienced Mayo Clinic faculty and reviewed in detail by the editors. The book is suitable for self-study towards neurocritical care boards and a number of critical care board examinations and certification exams. Tables, explanatory drawings, and bullet points are used throughout the text for high-yield learning.

Children's nurses must develop the crucial skills of correct medicines management and calculations in order to provide safe care to their patients. This book specifically supports pre-registration students in meeting the required competencies for medicines management needed to pass formal assessment and qualify as a children's nurse. It is clearly structured around the NMC Essential Skills Clusters for medicines management, covering legal aspects, drugs calculations, administration, storage, record keeping, introductory pharmacology, patient communication and contextual issues in medication. The book is written in user-friendly language and uses patient scenarios to explain concepts and apply theory to practice.

These activities for Are You My Mother? practice key language convention skills. The activities integrate literature with learning about grammar, word choice, and sentence structure. Learning can be fun when it's connected to literature.

Math Workshop for third grade provides complete small-group math instruction for these important topics: -multiplication -division -fractions -area -quadrilaterals Simple and easy-to-use, this teacher resource for third grade math teachers complements any curriculum. Like reading and writing workshops, math workshop is an instructional model that combines whole-group lessons with leveled guided math groups and independent practice. It allows teachers to give students direct, leveled instruction while providing opportunities for practice and skill review. Math Workshop for third grade simplifies the workshop method with a comprehensive introduction and over 25 step-by-step lessons. This teacher resource for third grade math also includes these helpful features: -comprehensive lesson plans -leveled practice pages -hands-on activities for every lesson The Math Workshop series for kindergarten through fifth grades gives teachers everything they need to implement the math workshop method. Each book contains 28 complete lessons, a thorough introduction, and reproducible game templates. Each lesson begins with an essential question, a warm-up activity, and a whole-group lesson. It is followed by three leveled small-group lessons and a short assessment. Lessons are rounded out with a practice worksheet for each small group and an activity to practice the skill. Teachers are also provided with math talk questions and a math journal prompt to extend learning. The Math Workshop series gives teachers the flexible tools needed to begin small-group math instruction.
