Comprehension Activities.

Comprehension strategies are an important focus in any classroom literacy program. In my early years classroom, we focused on one strategy a week using a variety of activities. Sometimes it was reading a small passage with a parent/teacher aide and then answering questions relating to the comprehension strategy for that week.

This easy-to-read text will guide K-3 teachers as they develop a reading and writing program for all their students. An apprenticeship approach to literacy emphasizes the role of the teacher in providing demonstrations, engaging children, monitoring their understanding, providing timely support and, ultimately, withdrawing that support as the child gains independence. Drawing on authentic classroom examples—student writing samples, class schedules, photographs, and rich transcriptions of teaching and learning interactions—the authors illustrate instruction that is aimed at children's learning zones. As children become more competent readers and writers, the instructional interactions are adjusted to accommodate their higher-level learning. Here is a wealth of in-depth information,

first-grade classroom and a Title I reading program; using school-based professional literacy teams to support teachers in developing an effective literacy program for their children. No detail is lost. The authors also cover such practical matters as establishing routines and organizing the classroom environment, including rotation schedules for meeting with small groups of children, lists of materials for establishing literacy corners, and literacy corner activities designed to provide the children with opportunities for independent practice. With *Apprenticeship in Literacy* you can achieve a balanced literacy program that works for all your students.

Parents can play an immensely important role in supporting their children's literacy learning at home, but how can primary teachers enlist the support of parents in

helping children learn literacy? With a focus on improving children's literacy skills, this book provides practical answers to key questions that are directly relevant to all primary teachers and to many parents. It presents new ways of linking learning in home and school through a range of activities that can be used to share knowledge between children, parents and teachers. Activities include: teachers and children making videos to show parents how children learn literacy in school parents and children taking photos of the 'everyday' literacy they use outside school parents and teachers exchanging information through Home-School folders and diaries. Particular attention is given to ways of working with parents from a diverse range of family backgrounds reflecting the multi-ethnic nature of many schools today. The practical activities can easily be fitted into the day-to-day
