For Guns n Roses, outbursts are not merely the traditional way for a rock star to pass the time between blow jobs. The agitation backstage in Detroit springs from the same hair-trigger temperament...

The Hard Truth About Guns N' Roses - Rolling Stone

The truth was, despite selling out stadiums, Guns N' Roses weren't considered a musically astute outfit and their contemporaries still didn't rate them. Rose supposedly vented his frustration to Faith No More and furiously said, "I only like you guys, Nirvana, Jane's Addiction, and two other bands, and all of you hate me."

This is why Nirvana and Guns 'N' Roses hated each other

Of course, you can see my view here - GNR as a band essentially finished in 95 when the last founder member (of course, aside from Rose himself) quit because there was no heart of the band. If you are a huge GNR fan (like i... was as a kid) then it's a difficult book to take. Wall does a great job, but....

Includes brand new chapter covering Guns N' Roses epic world tour. Many millions of words have already been written about Guns N' Roses, the old line-up, the new line-up. But none of them have ever really gotten to the truth. Which is this: Guns N' Roses has always been a band out of time, the Last of the Giants. They are what every rock band since the Rolling Stones has tried and nearly always failed to be: dangerous. At a time when smiling, MTV-friendly, safe-sex, just-say-no Bon Jovi was the biggest band in the world, here was a band that seemed to have leapt straight out of the coke-smothered pages of the original, golden-age, late-sixties rock scene. 'Live like a suicide', the band used to say when they all lived together in the Hell House, their notorious LA home. And this is where Mick Wall first met them, and became part of their inner circle, before famously being denounced by name by Axl Rose in the song 'Get in the Ring'. But this book isn't about settling old scores. Written with the clear head that 25 years later brings you, this is a celebration of Guns N' Roses the band, and of Axl Rose the frontman who really is that thing we so desperately want him to be: the last of the truly extraordinary, all-time great, no apologies, no explanations, no giving-a-shit rock stars. The last of his kind.

Many millions of words have already been written about Guns N' Roses, the old line-up, the new line-up. But none of them have ever really gotten to the truth. Which is this: Guns N' Roses has always been a band out of time, the Last of the Giants. They are what every rock band since the Rolling Stones has tried and nearly always failed to be: dangerous. At a time when smiling, MTV-friendly, safe-sex, just-say-no Bon Jovi was the biggest band in the world, here was a band that seemed to have leapt straight out of the coke-smothered pages of the original, golden-age, late-sixties rock scene. 'Live like a suicide', the band used to say when they all lived together in the Hell House, their notorious LA home. And this is where Mick Wall first met them, and became part of their inner circle, before famously being denounced by name by Axl Rose in the song 'Get in the Ring'. But this book isn't about settling old scores. Written with the clear head that 25 years later brings you, this is a celebration of Guns N' Roses the band, and of Axl Rose the frontman who really is that thing we so desperately want him to be: the last of the truly extraordinary, all-time great, no apologies, no explanations, no giving-a-shit rock stars. The last of his kind.

In *Double Talkin' Jive* legendary drummer Matt Sorum takes music lovers behind the scenes of a remarkable life in rock. Sorum, whose albums have sold tens of millions of copies around the world, provides an honest, engaging account of the highs and lows of superstardom. Sorum recounts his childhood years idolizing Ringo Starr and surviving an abusive stepfather. After leaving high school, Sorum sold pot to get by. Over time, his drug dealing escalated to smuggling large quantities of cocaine, a career that came to a halt following a dramatic shoot-out. Sorum fled his old life and settled in Hollywood, where he'd enjoy a rapid ascension to rock 'n' roll immortality. He caught his big break drumming for the Cult, and only a year later was invited to join Guns N' Roses, with whom he'd record two of rock's most iconic albums: *Use Your Illusion 1* and *2*. The Rock N' Roll Hall of Fame inductee & Grammy Award winning Sorum opens up with forthright honesty, sharing anecdotes from his time touring the globe, battling drug and alcohol addiction, as well as working with Axl Rose, one of the greatest frontmen in rock, Slash and the rest of the GNR team. His career with the Cult, Guns N' Roses, Velvet Revolver, Motörhead, the Hollywood Vampires, and Kings of Chaos costars an ensemble of rock royalty, from Billy Idol to Steven Tyler, Billy F Gibbons and Alice Cooper. *Double Talkin' Jive* goes beyond the clichés of sex, drugs, and rock 'n' roll, telling the very human story of what it takes to make it in music, and the toll stardom exacts from those who achieve success. Sorum invites fans to revel in the debauchery of the good times, but also paints a stark portrait of life after the party. Music fans of any generation will find value in the pages of this evocative, thoughtful, and candid autobiography.

A rock band on the cusp of massive stardom, *Unlocking the Truth* is made up of three thirteen-year-old African American boys: Malcolm, Jarad, and Alec. When not in school they spend their time as rock stars opening for the likes of Queens of the Stone Age, Motorhead, and Guns N' Roses, and crowd surfing at Coachella. They are currently working on their soon to be released debut EP. The key to their success: hard work, dedication, passion, and focus on their art. Part memoir and part guide book, the boys share the essential truths and principles, such as faith, determination and friendship, that led to their success and continue to drive them. The book will inspire and be a resource for kids looking to realize their own dreams, as well as parents who want to support their children's aspirations.

The New York Times bestselling epic tale of the last great rock band From the bestselling author of *Hammer of the Gods* comes the complete story of Guns N' Roses ? from their drug-fueled blastoff in the 80s to the turbulent life of legendary singer Axl Rose, and his fifteen-year, multimillion dollar quest to make the perfect hard rock album. Riotous world tours. Drug-induced rampages. One hundred millions albums sold. In his sixth major rock biography, Stephen Davis details the riveting story of the last great rock band. *Watch You Bleed* documents the life of every band member, including the improbable story of W. Axl Rose. Davis brilliantly captures the Guns' raw power ? from the gutters of Sunset Strip to the biggest stadiums on the planet. Based on exclusive interviews, private archives, and packed with stunning revelations, *Watch You Bleed* is the savage, definitive, and highly unauthorized story of Guns N' Roses. For the first time, millions of fans will learn the whole truth about this legendary band.

Offering in-depth profiles of a wide variety of bands and performers, this revealing, candid look at the world of heavy metal music draws on personal interviews and anecdotes to chronicle the outrageous personalities of heavy metal, covering such legendary performers as Metallica, Ratt, Van Heln, Twisted Sister, Black Sabbath, Guns n' Roses, and many others. Original. 20,000 first printing.

The updated version of McIver's bestselling biography explores the aftermath of Metallica's comeback in the wake of 2008's *Death Magnetic*. The band entering the Rock And Hall Of Fame, toured as the leading member of the Big Four Of Thrash alongside Slayer, Megadeth and Anthrax Establishing their own Orion festival Embarking on side projects aplenty (Lars Ulrich as an actor, Kirk Hammett as a horror buff) and recorded what is possibly the most despised record in heavy metal history, a collaboration with Lou Reed titled *Lulu*. Here McIver reveals a refreshing new spin on the *Lulu* album, re-evaluating its contents in the light of Reed's death in 2013.

*Goodbye, Guns N' Roses* transports the reader into a mind-altering trip through the colors, scandals, nihilism, and mythology that make Guns N' Roses so much more than another "hair metal" band. A valentine and a breakup letter to one of rock's most controversial bands. *Goodbye, Guns N' Roses* is a genre-rattling attempt to explain the appeal of America's most divisive rock band. While it includes uncharted history and the self-lacerating connoisseurship of a Guns N' Roses fetishist, it is not a recycled chronicle — this book is a deconstruction of myth, one that blends high and low art sketches to examine how Guns N' Roses impacted popular culture. Unlike those who have penned other treatments of what might be considered a clichéd subject, Art Tavana is not writing as a GNR patriot or former employee. His book aims to provide an untethered exploration that machetes through the jungle of propaganda camouflaging GNR's explosive appeal. After circling the band's three-decade plundering of American culture, *Goodbye, Guns N' Roses* uncovers a postmodern portrait that persuades its viewer to think differently about their symbolic importance. This is not a rock bio but a biography of taste that treats a former "hair metal" band like a decomposing masterpiece. This is the first Guns N' Roses book written for everyone; from the Sunset Strip to a hyper-digital generation's connection to "Woke Axl," it is a pop investigation that dodges no bullets.
