The New York Times Bestseller! Miss Amity Doncaster, world traveler, is accustomed to adventure and risk. Benedict Stanbridge, a man of science and a spy for the Crown, has faced danger in the darker corners of foreign lands. Now they are about to face a threat that is shockingly close to home... One does not expect to be kidnapped on a London street in broad daylight. Yet Amity Doncaster barely escapes with her life after she is trapped in a carriage with the killer known in the press as the Bridegroom. He is unwholesomely obsessed by her scandalous connection to Benedict Stanbridge—gossip about their hours alone in a ship ' s stateroom seems to have crossed the Atlantic faster than any sailing vessel could. Benedict refuses to let this resourceful, daring woman suffer for her romantic link to him—as tenuous as it may be. For a man and woman so skilled at disappearing, so at home in the exotic reaches of the globe, escape is always an option. But each intends to end the Bridegroom ' s reign of terror in London. And as they join forces and prepare to confront an unbalanced criminal in the heart of the city they love, they must also face feelings that neither can run from...

"This innovative new textbook for art appreciation fully integrates western and non-western art traditions by taking a thematic rather than a chronological approach."--Back cover.

Acclaimed cultural geographer Yi-Fu Tuan considers humanity's enduring desire to escape reality—and embrace alternatives such as love, culture, and Disneyworld In prehistoric times, our ancestors began building shelters and planting crops in order to escape from nature's harsh realities. Today, we flee urban dangers for the safer, reconfigured world of suburban lawns and parks. According to geographer Yi-Fu Tuan, people have always sought to escape in one way or another, sometimes foolishly, often creatively and ingeniously. Glass-tower cities, suburbs, shopping malls, Disneyland—all are among the most recent monuments in our efforts to escape the constraints and uncertainties of life—ultimately, those imposed by nature. "What cultural product," Tuan asks, "is not escape?" In his new book, the capstone of a celebrated career, Tuan shows that escapism is an inescapable component of human thought and culture.

From the Carnegie Medal 2020 winning author of Lark comes The Donut Diaries, a British Diary of a Wimpy Kid, featuring Dermot, an overweight eleven-year-old. Hilariously funny and insightful. Dermot Milligan's got problems. He's overweight and hooked on donuts. He has a pushy, over-achieving mother, and a father who spends all his time hiding in the loo. His sisters, Ruby and Ella (known as Rubella) attack him relentlessly from the opposite directions of Chav and Goth. And now, he's being sent to a nutritionist, Doctor Morlock, who looks like a Dementor from Harry Potter and the Deathly Hallows. This diary is Doc Morlock's idea. Not only does Dermot have to write down how many donuts he eats, but also - and this is the really rubbish part - he has to talk about HIS FEELINGS! But things are about to get even worse - he's being separated from his friends and sent to St Michael's, a posh school where he just knows he's going to stick out like a sore thumb. A sore thumb with a weight problem . . .
