Soline Roussel is well schooled in the business of happy endings. For generations her family has kept an exclusive bridal salon in Paris, where magic is worked with needles and thread. It's said that the bride who wears a Roussel gown is guaranteed a lifetime of joy. But devastating losses during World War II leave Soline's world and heart in ruins and her faith in love shaken. There's nothing like being told that in three months you'll be dead to make you think about what you really want in life "A novel about self-discovery, with plenty of surprises and a snappy, Bridget-Jones-gets-a-terminal-diagnosis vibe." -Booklist Jennifer Cole has just been told that she has a terminal blood disorder and has just three months to live—ninety days to say goodbye to friends and family, and to put her affairs in order. Ninety days to come to terms with a diagnosis that is unfair, unexpected, and completely unpronounceable. Focusing on the positives (she won't have to go on in a world without Bowie or Maya Angelou; she won't get Alzheimer's or Parkinson's like her parents, or have teeth that flop out at the mere mention of the word apple), Jennifer realizes she only has one real regret: the relationships she's lost. Rather than running off to complete a frantic bucket list, Jennifer chooses to stay put and write a letter to the three most significant people in her life, to say the things she wished she'd said before but never dared: her overbearing, selfish sister, her jelly-spined, cheating ex-husband, and her charming, unreliable ex-boyfriend—and finally tell them the truth. At first, Jennifer feels cleansed by her catharsis. Liberated, even. Her ex-boyfriend rushes to her side and she even starts to build bridges with her sister Isabelle (that is, once Isabelle's confirmed that Jennifer's condition isn't genetic). But once you start telling the truth, it's hard to stop. And as Jennifer soon discovers, the truth isn't always as straightforward as it seems, and death has a way of surprising you....

Howard Garis, creator of the famed Uncle Wiggily series, along with his wife, Lilian, were phenomenally productive writers of popular children's series—including The Bobbsey Twins and Tom Swift—from the turn of the century to the 1950s. In a large, romantic house in Amherst, Massachusetts, Leslie Garis, her two brothers, and their parents and grandparents aimed to live a life that mirrored the idyllic world the elder Garises created nonstop. But inside The Dell—where Robert Frost often sat in conversation over sherry, and stories appeared to spring from the very air—all was not right. Roger Garis's inability to match his parents' success in his own work as playwright, novelist, and magazine writer led to his conviction that he was a failure as father, husband, and son, and eventually deepened into mental illness characterized by raging mood swings, drug abuse, and bouts of debilitating and destructive depression. House of Happy Endings is Leslie Garis's mesmerizing, tender, and harrowing account of coming of age in a wildly imaginative, loving, but fatally wounded family.
