Through a wealth of private photo albums and personal archives, Lee Radziwill offers a unique perspective of happy times. She brings alive, with humor and feeling, privileged moments with family and friends including her sister Jackie Kennedy. 250 photos.

Happy Times in Norway is a moving and delicately humorous picture of Undset's own blissful home life before her nation fell to the Nazi occupation. Captured here is the excitement of a Norwegian Christmas, the Seventeenth of May, and summer in the idyllic mountains, as well as the chaotic adventure of raising two energetic boys. With vivid detail and illuminating descriptions of the landscape, Happy Times in Norway is infused with the wish that those cherished days could come again.

Welcome to Noisy Village! Well, it's not really quite what it sounds. Lisa, who tells the story, lives on Middle Farm with her parents and two brothers, Karl and Bill. Britta and Anna live at North Farm and Olaf and Kerstin live at South Farm. It is because the houses are right next door to each other in a clump as they liked to do these things in rural Sweden years ago, and because the children make so much racket that the farmhouses came to be so honestly and happily named. A large linden tree grows between Middle and South Farms and so the boys in the two houses visit each other by climbing through the branches--even the girls do it sometimes, like the night they all waited for Olaf to go to sleep so that they could pull out his loose tooth without his knowing it! That is only one of the many escapades designed to make readers young and old wish they could step right into the pages of this little book. Join the fun in this companion volume to *The Children of Noisy Village* (published by Viking Penguin). Illustrated with delightful line drawings by Ilon Wikland; translated by Florence Lamborn.

"A collection of seven short stories for young children, each with a happy, positive ending. The individual stories are about animals, pets, lighthouses, Halloween, and robots."--

Katherine Royer designed this curriculum especially for three-year-old children. It is intended to be used in both the church and the home simultaneously. Norma Hostetler, illustrator. Short stories about Sunday school, the four seasons, food, bedtime, play, snow, grandparents, rain, singing, growing, and birthdays. All illustrated with full-page four-color artwork.

A comprehensive, upbeat guide to help you survive the moving process from start to finish, filled with

fresh strategies and checklists for timing and supplies, choosing which items to toss and which to keep, determining the best place to live, saying farewell and looking forward to hello. Moving is a major life change—time consuming, expensive, often overwhelming, and sometimes scary. But it doesn't have to be! Instead of looking at it as a burdensome chore, consider it a new adventure. Ali Wenzke and her husband moved ten times in eleven years, living in seven states across the U.S. She created her popular blog, *The Art of Happy Moving*, to help others build a happier life before, during, and after a move. Infused with her infectious optimistic spirit, *The Art of Happy Moving* builds on her blog, offering step-by-step guidance, much-needed comfort, practical information, and welcome advice on every step of the process, including: How to stage your home for prospective buyers How to choose your next neighborhood How to discard your belongings and organize your packing How to say goodbye to your friends How to make the transition easier for your kids How to decorate your new home How to build a new community And so much more. Ali shares invaluable personal anecdotes from her many moves, and packs each chapter with a wealth of information and ingenious tips (Did you know that if you have an extra-large welcome mat at the entrance of your home, it's more likely to sell?). Ali also includes checklists for packing and staging, and agendas for the big moving day. Whether you're a relocating professional, newly married, a family with kids and pets, or a retiree looking to downsize, *The Art of Happy Moving* will help you discover ways to help make your transition an easier one—and be even happier than you were before.

paperback edition is the "Travel Gift Version" to give to friends who are planning on taking a milestone vacation.

What's the actual secret to happiness? Great memories! Meik Wiking—happiness researcher and New York Times bestselling author of *The Little Book of Hygge* and *The Little Book of Lykke*—shows us how to create memories that make life sweet in this charming book. Do you remember your first kiss? The day you graduated? Your favorite vacation? Or the best meal you ever had? Memories are the cornerstones of our identity, shaping who we are, how we act, and how we feel. In his work as a happiness researcher, Meik Wiking has learned that people are happier if they hold a positive, nostalgic view of the past. But how do we make and keep the memories that bring us lasting joy? *The Art of Making Memories* examines how mental images are made, stored, and recalled in our brains, as well as the "art of letting go"—why we tend to forget certain moments to make room for deeper, more meaningful ones. Meik uses data, interviews, global surveys, and real-life experiments to explain the nuances of nostalgia and the different ways we form memories around our experiences and recall them—revealing the power that a "first time" has on our recollections, and why a piece of music, a smell, or a taste can unexpectedly conjure a moment from the past. Ultimately, Meik shows how we each can create warm memories that will stay with us for years. Combining his signature charm with Scandinavian forthrightness, filled with infographics, illustrations, and photographs, and featuring "Happy Memory Tips," *The Art of Making Memories* is an inspiration meditation and practical handbook filled with ideas to help us make the memories that will bring us joy throughout our lives.
