Juan Gonzalez

Presents a history of Latinos in America, from the first colonies in the New World through today, and offers portraits of distinguished Americans of Hispanic descent that have played a key role in the evolving face of American life.

A sweeping history of the Latino experience in the United States- thoroughly revised and updated. The first new edition in ten years of this important study of Latinos in U.S. history, *Harvest of Empire* spans five centuries-from the first New World colonies to the first decade of the new millennium. Latinos are now the largest minority group in the United States, and their impact on American popular culture-from food to entertainment to literature-is greater than ever. Featuring family portraits of real- life immigrant Latino pioneers, as well as accounts of the events and conditions that compelled them to leave their homelands, *Harvest of Empire* is required reading for anyone wishing to understand the history and legacy of this increasingly influential group.

Spanning 500 years of Hispanic history, from the first New World colonies to the 19th century westward expansion in America, this narrative features family portraits of real-life immigrants along with sketches of the political events and social conditions that compelled them to leave their homeland.

Hispanics comprise one of America's largest business-minded, faith-based, culturally-conservative entities—and their numbers continue to grow. Long assumed to be aligned with the Democrats, Hispanics have been ignored by many Republicans. Noted Hispanic marketing expert and political commentator Leslie Sanchez passionately argues that Hispanics, after years of watching Democrats fail them, need to shift their bets to Los Republicanos or risk gambling away their political future. In her book, Sanchez

File Type PDF Harvest Of Empire A History Latinos In America

Juan Gonzalez

debunks the cultural and political myths about Hispanics and Republicans alike. She also offers a look at today's changing Hispanic mindset and the new dynamic force that is rising.

In an extraordinary blend of narrative history, personal recollection, & oral testimony, the author presents a sweeping history of Asian Americans. He writes of the Chinese who laid tracks for the transcontinental railroad, of plantation laborers in the canefields of Hawaii, of "picture brides" marrying strangers in the hope of becoming part of the American dream. He tells stories of Japanese Americans behind the barbed wire of U.S. internment camps during World War II, Hmong refugees tragically unable to adjust to Wisconsin's alien climate & culture, & Asian American students stigmatized by the stereotype of the "model minority." This is a powerful & moving work that will resonate for all Americans, who together make up a nation of immigrants from other shores.

Finalist for the Pulitzer Prize and the National Book Critics Circle Award *A New York Times Notable Book* *Winner of the Texas Book Award and the Oklahoma Book Award* This New York Times bestseller and stunning historical account of the forty-year battle between Comanche Indians and white settlers for control of the American West [is nothing short of a revelation] will leave dust and blood on your jeans (The New York Times Book Review). *Empire of the Summer Moon* spans two astonishing stories. The first traces the rise and fall of the Comanches, the most powerful Indian tribe in American history. The second entails one of the most remarkable narratives ever to come out of the Old West: the epic saga of the pioneer woman Cynthia Ann Parker and her mixed-blood son Quanah, who became the last and greatest chief of the Comanches. Although readers may be more familiar with the tribal names Apache and Sioux, it was in fact the legendary fighting ability of the Comanches that

File Type PDF Harvest Of Empire A History Latinos In America

Juan Gonzalez

determined when the American West opened up. Comanche boys became adept bareback riders by age six; full Comanche braves were considered the best horsemen who ever rode. They were so masterful at war and so skillful with their arrows and lances that they stopped the northern drive of colonial Spain from Mexico and halted the French expansion westward from Louisiana. White settlers arriving in Texas from the eastern United States were surprised to find the frontier being rolled backward by Comanches incensed by the invasion of their tribal lands. The war with the Comanches lasted four decades, in effect holding up the development of the new American nation. Gwynne's exhilarating account delivers a sweeping narrative that encompasses Spanish colonialism, the Civil War, the destruction of the buffalo herds, and the arrival of the railroads, and the amazing story of Cynthia Ann Parker and her son Quanah—a historical feast for anyone interested in how the United States came into being. Hailed by critics, S. C. Gwynne's account of these events is meticulously researched, intellectually provocative, and, above all, thrillingly told. *Empire of the Summer Moon* announces him as a major new writer of American history.

Features lessons and readings on the history of the Mexican border and discusses both sides of the current debate on Mexican immigration.

Offers a sweeping account of the class and racial conflicts in the American news media, from the first colonial newspaper to the Internet age. By the co-author of *Harvest of Empire*.

Adapted from the critically acclaimed chronicle of U.S. history, a study of American expansionism around the world is told from a grassroots perspective and provides an analysis of important events from

Wounded Knee to Iraq, in a volume created in the format of a graphic novel. Simultaneous. 100,000 first printing.

EL LIBRO COMPLEMENTARIO DE LA CONOCIDA SERIE DOCUMENTAL DE PBS Latino americanos relata la rica y variada historia de los Latinos que han contribuido a darle forma a nuestra nación, y quienes se han convertido --con más de 50 millones de personas-- en la minoría más numerosa de los Estados Unidos. Este complemento de la conocida miniserie de PBS relata, de manera vívida y franca, cómo la historia de los lationamericanos es la historia de nuestro país. El aclamado periodista y autor Ray Suarez explora las vidas de hombres y mujeres latinoamericanos en un periodo de quinientos años, e incluye una gama épica de experiencias que abarca desde los primeros asentamientos europeos al Destino Manifiesto; del Salvaje Oeste a la Guerra Fría; de la Gran Depresión a la globalización; de la Guerra Hispano-Estadounidense al movimiento de los derechos civiles. Latino americanos comparte las luchas personales y los éxitos de inmigrantes, poetas, soldados y muchos otros: individuos que han causado un impacto en la historia y aquellos cuyas extraordinarias vidas iluminan la época en que vivieron, así como el legado de estos sensacionales estadounidenses.
