Hats are now taken off, but coats are still unfashionable on these gala nights. The belles of that day wore long trains to their gowns. It was a favourite mode of introduction to a lady there to tread on the train, and then apologising handsomely, acquaintance was begun, and soon ripened into an invitation to tea and the hot loaves for which these gardens were once celebrated.

The Hats We Wear book is a multi-cultural hand illustrated book for children, tweens/preteens and adults. The sole purpose of this book is to educate people in a fun way and to spark the interest (especially in the children of our next generation) and share some history behind hats, headwear, head-dressings, scarves and caps.

When Beth and her husband Todd took a missions trip to Mexico thirteen years ago, they just thought it was an opportunity to do a little good with their summer vacation. But they couldn't forget a chance encounter with a forgotten orphanage, couldn't forget that transcendent feeling of having participated in something truly profound and like addicts they wanted that feeling again. A year later, they moved to Monterrey, Mexico. Some might call that reckless. In the years that follow, Beth and Todd establish a ministry that helps orphans--the poorest, most defenseless members of a needy populace. And while the stories here are drawn from those experiences, this book isn't a memoir. It's about living with faith, with the certainty that God will show up, exactly where and exactly when He's needed. Beth calls it a reckless faith--a willingness to trust even when you don't understand. And her book--an inspiring collection of true stories about real people who, when faced with real challenges, chose to trust God--is a call to every reader to live with Reckless Faith.

Chelm is a town without luck until the day a beautiful red-haired woman with a purple hat shows the residents that there is something even better.

As a thirty-seven-year-old, highly skeptical, deeply rational woman, Joan had it all: loving family, extravagant home, a high-profile career, even personal contentment! So Joan was more surprised than anyone when she was relieved in an instant from the luxury of spiritual doubt and compelled to realign her life around practices of faith--about which she was a novice. With an unexplainable desire to pursue whatever God had for her at whatever cost was called for, Joan left her high-salary profession, sold her home and all her furniture (with her husband ' s support), and started life from a blank slate. Finally realizing that she had been flirting with faith since she was a young teen, Joan fell in love with the God who had been pursuing her. Joan candidly shares the story of her radical life change as she moved from atheist, to agnostic in addiction recovery, to the unexpected moment when she was " struck " Christian. As Joan lets go of control and convention, her skepticism is gradually replaced with a realization that embracing her new faith with radical abandon led to a far more mysterious and countercultural lifestyle than she ' d ever imagined.
