Online Library Heywood Politics 4th Edition

Andrew Heywood continues to lead the way in providing a comprehensive and authoritative introduction to politics. Renowned for its engaging and accessible style, this book helps students to understand the discipline's foundational concepts and theories and use these to make sense of its key subfields, from elections and voting to security and global governance. Systematically revised and updated throughout, it also uses a range of tried-and-tested pedagogical features to draw links between different standpoints and help make contemporary institutions, events and developments come to life. Drawing on a wide range of international examples, this text is the ideal choice for lecturers around the world. Carefully designed and written to map onto the way the subject is introduced at degree level, it remains the go-to text for undergraduate introductory and comparative politics courses. Furthermore, it can also be used as pre-course reading or as a point of reference throughout politics degrees, majors or minors. New to this Edition: - Restructured and revised to reflect the decline of democracy and the rise of populism and authoritarianism in different parts of the world - New Politics in Action features reflect the latest political developments – including 'Trump's triumph: politics as polarization'; 'South Africa: a one-party state?'; and 'North Korea: a rogue nuclear power?' - Discusses the transformation of the media landscape, assessing the advent and impact of social media and 'fake news' - New and improved text design reflecting the book's contemporary and engaging coverage - Accompanied by a brand new website, featuring a flashcard glossary, additional cases, interactive simulations and weblinks for students, PowerPoint slides for lecturers, a testbank and a guide to using the book.

This revised and updated fourth edition of the leading text on political ideologies contains a new chapter on multiculturalism, consideration of the changing nature of ideological discourse, including the transition from "traditional" to "new" ideologies, and coverage of the impact on the major ideological traditions of developments such as globalization and the "war on terror".

Now in its fourth edition, this hugely popular textbook has established itself as the number one introduction to Politics for students around the world. Systematically revised and updated, the book continues to offer a clear and comprehensive guide to the most important conceptual and theoretical issues in the study of Politics. Paying particular attention to the interdependence of domestic and world events in present day politics, this latest edition is once again the ideal text to recommend to students undertaking introductory modules across Politics and International Relations programmes. With numerous features such as case studies, controversies, key thinkers and concept boxes, it helps students of all levels develop their critical awareness as well as their own views.

In this extensively revised new edition of *Global Politics*, internationally renowned author Andrew Heywood provides a systematic and integrated analysis of the theory and practice of contemporary international relations. This edition is fully updated to cover key developments, from the Arab Spring to the global financial crisis, and provides enhanced coverage of current issues like international migration. An entirely new chapter on the importance and impact of theory at the end of the book revisits key perspectives, and addresses deeper questions about the nature and purpose of theory in global politics. Drawing on an exceptionally wide range of theoretical perspectives throughout, each chapter is packed with innovative features to aid study and reinforce learning. To complement this textbook, there is a companion website with resources for both lecturers and students, offering exam questions, PowerPoint slides, online-only case-studies, self-test questions, and more. This new edition offers:

- Updated key developments, from the Arab Spring to the global financial crisis, and provides enhanced coverage of issues like international migration
- An entirely new chapter on theory at the end of the book revisits key perspectives, and addresses deeper questions about the nature and purpose of theory in international

relations - Full page case studies of Global Politics in Action, illuminating major events in world affairs - Global Actor case studies considering the nature and significance of key players on the world stage, from Google to the G-20 - Focus and debating features looking closely at issues and approaches.

This leading text provides a concise and broad-ranging introduction to the contemporary study of political theory. Each chapter discusses a cluster of interrelated concepts and examines how they have been used by different thinkers and traditions and explores related debates and controversies. The fourth edition of this highly successful and accessible book has been substantially revised and updated and includes extra attention throughout to non-Western approaches and international political theory. Systematically covering the foundational concepts that have focused debate from Aristotle, Rousseau, Marx and Mill to the present day, this is essential reading for undergraduate and postgraduate courses on political thought and political philosophy. With increased discussion of the global dimensions of political thought it will appeal to an international audience, as well as to those lecturers interested in broadening their students' horizons. New to this Edition:

- Increased coverage throughout of non-Western and post-colonial approaches, with Beyond the West features on Islamic, Buddhist, Chinese, Indian, African, Latin American and other traditions
- Takes the blurring divisions between Politics and International Relations into account, for instance through a new chapter on Security, War and World Order
- Thinking Globally boxes, and added discussions of transnationalism and cosmopolitanism
- Additional attention is paid to issues of identity and diversity to address contemporary political developments

The new third edition of the highly successful text has been revised and updated throughout to take account of new issues such as identity and difference, globalization and multiculturalism. The book provides a clear and accessible introduction to political theory and key concepts

Online Library Heywood Politics 4th Edition

in political analysis. Each chapter discusses a cluster of interrelated terms, examines how they have been used by different thinkers and in the various political traditions, and explores related debates and controversies.

This informative and widely-used text is now available in a third edition. Building on the success of previous editions, it continues to provide a clear and accessible introduction to the complexities of political ideologies. The latest edition of *Political Ideologies*: introduces and considers the future of all the most widely studied ideologies: liberalism; conservatism; socialism; democracy; nationalism; fascism; ecologism and feminism sets each ideology clearly within its historical and political context includes a new final chapter that examines the impact of recent theoretical developments of ideologies and charts the challenges that they face in the twenty-first century has been fully revised and up-dated and provides an annotated guide for further reading.

The extensively revised new edition of *Global Politics* provides a systematic and integrated analysis of the theory and practice of contemporary international relations. Written with outstanding clarity and drawing on an exceptionally wide range of theoretical perspectives throughout, each chapter is packed with innovative features to aid study and reinforce learning:

- Full-page case studies of *Global Politics in Action*, the majority entirely new to this edition, look behind the headlines to illuminate major events in world affairs
- Global Actor case studies consider the nature and significance of key players on the world stage, from Google to the G-20
- Focus and Debating features look closer at issues and approaches to promote critical thinking
- Photographs and biographies of influential theorists introduce the people, as well as the ideas, that have shaped the subject.

This second edition is fully updated to cover key developments, from the Arab Spring to the global financial crisis, and provides enhanced coverage of issues like international migration. An entirely new chapter

Online Library Heywood Politics 4th Edition

on theory at the end of the book revisits key perspectives, and addresses deeper questions about the nature and purpose of theory in international relations.

The new edition has been substantially revised and updated to include coverage of the latest advances in GIS technology and applications (particularly web-based and mobile applications) and to provide pointers to recent research and publications. --
