In *When Hollywood
Had a King*, the
distinguished
journalist Connie
Bruck tells the
sweeping story of
MCA and its brilliant
leader, a man who
transformed the
entertainment

industry—
businessman,
politician, tactician,
and visionary Lew
Wasserman. The
Music Corporation of
America was founded
in Chicago in 1924 by
Dr. Jules Stein, an
ophthalmologist with a
gift for booking bands.
Twelve years later,
Stein moved his
operations west to

Acces PDF Hollywood

Beverly Hills and
hired Lew

Wasserman. From his
meager beginnings as
a movie-theater usher
in Cleveland,
Wasserman ultimately
ascended to the post
of president of MCA,
and the company
became the most
powerful force in
Hollywood, regarded
with a mixture of fear

Acces PDF Hollywood

and awe. In his signature black suit and black knit tie, Was-serman took Hollywood by storm. He shifted the balance of power from the studios—which had seven-year contractual strangleholds on the stars—to the talent, who became profit partners. When an

Acces PDF Hollywood

antitrust suit forced MCA's evolution from talent agency to film- and television-production company, it was Wasserman who parlayed the control of a wide variety of entertainment and media products into a new type of Hollywood power base. There was only

Acces PDF Hollywood

Washington left to conquer, and conquer it Wasserman did, quietly brokering alliances with Democratic and Republican administrations alike. That Wasserman's reach extended from the underworld to the White House only added to his mystique. Among his

Acces PDF Hollywood

friends were
Teamster boss Jimmy
Hoffa, mob lawyer
Sidney Korshak, and
gangster Moe
Dalitz—along with
Presidents Johnson,
Clinton, and
especially Reagan,
who enjoyed a
particularly close and
mutually beneficial
relationship with
Wasserman. He was

Acces PDF

Hollywood

equally intimate with Hollywood royalty, from Bette Davis and Jimmy Stewart to Steven Spielberg, who began his career at MCA and once described Wasserman's eyeglasses as looking like two giant movie screens. The history of MCA is really the history of a revolution.

Acces PDF Hollywood

Lew Wasserman ushered in the Hollywood we know today. He is the link between the old-school moguls with their ironclad studio contracts and the new industry defined by multimedia conglomerates, power agents, multimillionaire actors, and profit sharing. In

the hands of Connie Bruck, the story of Lew Wasserman's rise to power takes on an almost Shakespearean scope. When *Hollywood Had a King* reveals the industry's greatest untold story: how a stealthy, enterprising power broker became, for a time, Tinseltown's

The primal image of the black-caped vampire Dracula has become an indelible fixture of the modern imagination. It's

In *Bright Boulevards, Bold Dreams*, Donald Bogle tells—for the first time—the story of a place both mythic and real: Black Hollywood. Spanning sixty years, this deliciously entertaining history uncovers the audacious manner in which many blacks

made a place for themselves in an industry that originally had no place for them. Through interviews and the personal recollections of Hollywood luminaries, Bogle pieces together a remarkable history that remains largely obscure to this day. We discover that

Black Hollywood was a place distinct from the studio-system-dominated Tinseltown—a world unto itself, with unique rules and social hierarchy. It had its own talent scouts and media, its own watering holes, elegant hotels, and fashionable nightspots, and of

course its own glamorous and brilliant personalities. Along with famous actors including Bill “Bojangles” Robinson, Hattie McDaniel (whose home was among Hollywood’s most exquisite), and, later, the stunningly beautiful Lena Horne and the fabulously

also looks at other members of the black community—from the white stars' black servants, who had their own money and prestige, to gossip columnists, hairstylists, and architects—and at the world that grew up around them along Central Avenue, the Harlem of the West.

In the tradition of Hortense Powdermaker's classic Hollywood: The Dream Factory and Neal Gabler's An Empire of Their Own, in Bright Boulevards, Bold Dreams, Donald Bogle re-creates a vanished world that left an indelible mark on Hollywood—and on all of America.
