In North America, the horse was part of the megafaunal extinctions at the end of the Pleistocene. Two wild subspecies survived until recently, the Tarpan (Equus ferus ferus, died out ca 1919) and Przewalski's Horse (Equus ferus przewalskii, of which there are a few left).

ONE OF USA TODAY'S "20 SUMMER BOOKS YOU WON'T WANT TO MISS" In the bestselling tradition of works by such authors as Susan Orlean and Mary Roach, a New York Times reporter and Pulitzer Prize finalist explores why so many people—including herself—are obsessed with horses. It may surprise you to learn that there are over seven million horses in America—even more than when they were the only means of transportation—and nearly two million horse owners. Acclaimed journalist and avid equestrian Sarah Maslin Nir is one of them; she began riding horses when she was just two years old and hasn't stopped since. Horse Crazy is a fascinating, funny, and moving love letter to these graceful animals and the people who—like her—are obsessed with them. It is also a coming-of-age story of Nir growing up an outsider within the world's most elite inner circles, and finding her true north in

horses. Nir takes readers into the lesser-known corners of the riding world and profiles some of its most captivating figures. We meet Monty Roberts, the California trainer whose prowess earned him the nickname “the man who listens to horses,” and his pet deer; George and Ann Blair, who at their riding academy on a tiny island in Manhattan’s Harlem River seek to resurrect the erased legacy of the African American cowboy; and Francesca Kelly, whose love for an Indian nobleman shaped her life’s mission: to protect an endangered Indian breed of horse and bring them to America. Woven into these compelling character studies, Nir shares her own moving personal narrative. She details her father’s harrowing tale of surviving the Holocaust, and describes an enchanted but deeply lonely upbringing in Manhattan, where horses became her family. She found them even in the middle of the city, in a stable disguised in an old townhouse and in Central Park, when she chased down truants as an auxiliary mounted patrol officer. And she speaks candidly of how horses have helped her overcome heartbreak and loss. Infused with heart and wit, and with each chapter named after a horse Nir has loved, *Horse Crazy* is an unforgettable blend of beautifully written memoir and first-rate reporting.

As author Petrine Day Mitchum writes, "the movies as we know them would be vastly different without horses. There would be no Westerns--no cowboy named John Wayne--no Gone with the Wind, no Ben Hur, no Dances with Wolves..." no War Horse, no True Grit, no Avatar! Those last three 21st-century Hollywood creations are among the new films covered in this expanded second edition of Hollywood Hoofbeats written by the daughter of movie star Robert Mitchum, who himself appeared on the silver screen atop a handsome chestnut gelding. Having grown up around movie stars and horses, Petrine Day Mitchum is the ideal author to pay tribute to the thousands of equine actors that have entertained the world since the inception of the film medium. From the early days of D.W. Griffith's The Great Train Robbery to Quentin Tarantino's Django Unchained, this celebration of movies promises something for every Hollywood fan... the raucous comedy of Abbot and Costello (and "Teabiscuit") in It Ain't Hay, a classic sports films like National Velvet starring Elizabeth Taylor, a timeless epic with Errol Flynn, and films featuring guitar-strumming cowboys like Gene Autry and Roy Rogers. **INSIDE HOLLYWOOD HOOFBEATS** Movie trivia and fascinating anecdotes about the stars of yesterday and today An inside look at the stunts horses performed in motion pictures and the lingering controversies Hundreds of illustrations, including rare movie posters, movie stills, and film clips Updated, expanded text including coverage of new movies and photographs Chapters devoted to action films, Westerns, comedies, musicals, child stars, and more Famous TV programs and their horses including Mr. Ed and Silver (Lone Ranger)

When asked in an interview what he most liked about rodeo, three-time world champion saddle-bronc rider "Cody" Bill Smith said simply, "Horses that buck." Smith redefined the image of America's iconic cowboy. Determined as a boy to escape a miner's life in Montana, he fantasized a life in rodeo

and went on to earn thirteen trips to the national finals, becoming one of the greatest of all riders. This biography puts readers in the saddle to experience the life of a champion rider in his quest for the gold buckle. Drawing on interviews with Smith and his family and friends, Margot Kahn recreates the days in the late 1960s and early 1970s when rodeo first became a major sports enterprise. She captures the realities of that world: winning enough money to get to the next competition, and competing even when in pain. She also tells how, in his career's second phase, Smith married cowgirl Carole O'Rourke and went into business raising horses, gaining notoriety for his gentle hand with animals and winning acclaim for his and Carole's Circle 7 brand. Inducted into the Pro Rodeo Hall of Fame in 1979 and the National Cowboy & Western Heritage Museum's Rodeo Hall of Fame in 2000, Smith was a legend in his own time. His story is a genuine slice of rodeo life—a life of magic for those good enough to win. This book will delight rodeo and cowboy enthusiasts alike.

A New York Times Bestseller and New York Times Book Review Editors' Choice A Best Book of 2015, The Wall Street Journal "Love is the driver for Wendy Williams's new book, *The Horse* . . . [an] affectionate, thoroughgoing, good-hearted book." —Jaimy Gordon, The New York Times Book Review "Charming and deeply interesting . . . Ms. Williams does a marvelous job." —Pat Shipman, The Wall Street Journal The book horse-lovers have been waiting for Horses have a story to tell, one of resilience, sociability, and intelligence, and of partnership with human beings. In *The Horse*, the journalist and equestrienne Wendy Williams brings that story brilliantly to life. Williams chronicles the 56-million-year journey of horses as she visits with experts around the world, exploring what our biological affinities and differences can tell us about the bond between horses and humans, and what our longtime companion might think and feel. Indeed, recent scientific breakthroughs regarding the social and

cognitive capacities of the horse and its ability to adapt to changing ecosystems indicate that this animal is a major evolutionary triumph. Williams charts the course that leads to our modern Equus—from the protohorse to the Dutch Warmbloods, Thoroughbreds, and cow ponies of the twenty-first century. She observes magnificent ancient cave art in France and Spain that signals a deep respect and admiration for horses well before they were domesticated; visits the mountains of Wyoming with experts in equine behavior to understand the dynamics of free-roaming mustangs; witnesses the fluid gracefulness of the famous Lipizzans of Vienna; contemplates what life is like for the sure-footed, mustachioed Garrano horses who thrive on the rugged terrain of Galicia; meets a family devoted to rehabilitating abandoned mustangs on their New Hampshire farm; celebrates the Takhi horses of Mongolia; and more. She blends profound scientific insights with remarkable stories to create a unique biography of the horse as a sentient being with a fascinating past and a finely nuanced mind. *The Horse* is a revealing account of the animal who has been at our side through the ages, befriending us and traveling with us over the mountains and across the plains. Enriched by Williams's own experience with horses, *The Horse* is a masterful work of narrative nonfiction that pays tribute to this treasure of the natural world.

The heartwarming true story of a woman and the horse who changed her life. Jana Harris had always dreamed of having a horse farm, and she knew the horse on whom she could build her dreams the moment she saw her on a ranch in the Eastern Mountains of Washington State, where a herd had been corralled to be sold: a beautiful, deep dark red-colored mare standing about sixteen hands, with a white star on her pretty head. Something about the way this mare guarded her handsome foal spoke to Harris. The mare was named True Colors. When True Colors was delivered to Harris's ranch three months later, however, she was unrecognizable: head-shy from the infected sores on her face, and lungs damaged by pneumonia, she sensed demons hiding in everything from the scent of fabric softener on

clothes to a gate in a fence. This injured, traumatized horse existed between two worlds—wild and domesticated—and belonged to neither. Remarkably, the other horses fell in love with her on sight. And true to her name, True Colors would never pretend to be something she was not; with her wise, intuitive nature, she would end up changing the lives of everyone she encountered. This is the story of True Colors and how, with her quiet wisdom, she became the heart of the range and farm. There is a famous horseman's saying: A horse never lies about its pain. But maybe we should also consider: A horse never lies about love.
