* A Washington Post Notable Fiction Book of the Year * Named a Best Book of 2017 by NPR, The Guardian, The Boston Globe, St. Louis Dispatch From the thrilling imagination of bestselling, award-winning Colm Tóibín comes a retelling of the story of Clytemnestra and her children— “ brilliant...gripping...high drama...made tangible and graphic in Tóibín ’ s lush prose ” (Booklist, starred review). “ I have been acquainted with the smell of death. ” So begins Clytemnestra ’ s tale of her own life in ancient Mycenae, the legendary Greek city from which her husband King Agamemnon left when he set sail with his army for Troy. Clytemnestra rules Mycenae now, along with her new lover Aegisthus, and together they plot the bloody murder of Agamemnon on the day of his return after nine years at war. Judged, despised, cursed by gods, Clytemnestra reveals the tragic saga that led to these bloody actions: how her husband deceived her eldest daughter Iphigeneia with a promise of marriage to Achilles, only to sacrifice her; how she seduced and collaborated with the prisoner Aegisthus; how Agamemnon came back with a lover himself; and how Clytemnestra finally achieved her vengeance for his stunning betrayal—his quest for victory, greater than his love for his child. House of Names “ is a disturbingly contemporary story of a powerful woman caught between the demands of her ambition and the constraints on her gender...Never before has Tóibín demonstrated such range, ” (The Washington Post). He brings a modern sensibility and language to an ancient classic, and gives this extraordinary character new life, so that we not only believe Clytemnestra ’ s thirst for revenge, but applaud it. Told in four parts, this is a fiercely dramatic portrait of a murderess, who will herself be murdered by her own son, Orestes. It is Orestes ’ s story, too: his capture by the forces of his mother ’ s lover Aegisthus, his escape and his exile. And it is the story of the vengeful Electra, who watches over her mother and Aegisthus with cold anger and slow calculation, until, on the return of her brother, she has the fates of both of them in her hands.

A “ sensual, brutal . . . ambitious, dazzling, disturbing, and memorable ” retelling of Jason and the Argonauts seen through the eyes of Medea (Financial Times). International bestselling and multi-prize-winning author David Vann transports readers to the Mediterranean and Black Sea, 3,250 years ago, for “ [a] stunning depiction of one of mythology ’ s most complex characters ” (The Australian). It is thirteenth century BC, and the Argo is bound for its epic return journey across the Black Sea from Persia ’ s Colchis with the valiant Jason, the equally heroic Argonauts, and the treasured symbol of kingship, the Golden Fleece. Aboard as well is Medea, semi-divine priestess, and a believer in power, not gods. Having fled her father, and butchered her brother, she is embarking on a conquest of her own. Rejected for her gender, Medea is hungry for revenge, and to right the egregious fate of being born a woman in a world ruled by men. In *Bright Air Black*, “ David Vann blow[s] away all the elegance and togac-lad politeness . . . around our idea of ancient Greece . . . to reveal the bare bones of the Archaic period in all their bloody, reeking nastiness (The Times, London), and to deliver a bracing alternative to the long-held notions of Medea as monster or sorceress. We witness Medea ’ s humanity, her Bronze Age roots and position in Greek society, her love affair with Jason, the cataclysmic repercussions of betrayal, and the drive of an impassioned woman—victim, survivor, and ultimately, agent of her own destiny. The most intimate and

corporeal version of Medea ' s story ever told, Bright Air Black “ a compelling study of human nature stripped to its most elemental ” (The Guardian).

Aeschylus was a Greek playwright considered to be the founder of the tragedy. Aeschylus along with Sophocles and Euripides are the three major Greek tragedians whose plays have survived. Before Aeschylus, characters in a play only interacted with the chorus. Aeschylus expanded the number of actors allowing for interaction among the characters. Seven of his 92 plays have survived. The Persian invasion of Greece, which took place during his lifetime, influenced many of his plays. The Oresteia is a trilogy of Greek tragedies written by Aeschylus, which concerns the end of the curse on the House of Atreus. The plays were "Agamemnon," "Choephorae" (The Libation-Bearers), and the "Eumenides" (Furies).

Winner of the Graywolf Press Nonfiction Prize, a lyrical meditation on family, place, and inheritance *Names for Light* traverses time and memory to weigh three generations of a family's history against a painful inheritance of postcolonial violence and racism. In spare, lyric paragraphs framed by white space, Thirii Myo Kyaw Myint explores home, belonging, and identity by revisiting the cities in which her parents and grandparents lived. As she makes inquiries into their stories, she intertwines oral narratives with the official and mythic histories of Myanmar. But while her family's stories move into the present, her own story—that of a writer seeking to understand who she is—moves into the past, until both converge at the end of the book. Born in Myanmar and raised in Bangkok and San Jose, Myint finds that she does not have typical memories of arriving in the United States; instead, she is haunted by what she cannot remember. By the silences lingering around what is spoken. By a chain of deaths in her family line, especially that of her older brother as a child. For Myint, absence is felt as strongly as presence. And, as she comes to understand, naming those absences, finding words for the unsaid, means discovering how those who have come before have shaped her life. *Names for Light* is a moving chronicle of the passage of time, of the long shadow of colonialism, and of a writer coming into her own as she reckons with her family's legacy.

An astonishing debut collection looking back on a community of Mexican American boys as they grapple with assimilation versus the impulse to create a world of their own. Who do we belong to? This is the question Michael Torres ponders as he explores the roles that names, hometown, language, and others' perceptions each play on our understanding of ourselves in *An Incomplete List of Names*. More than a boyhood ballad or a coming-of-age story, this collection illuminates the artist's struggle to make sense of the disparate identities others have forced upon him. His description of his childhood is both idyllic and nightmarish, sometimes veering between the two extremes, sometimes a surreal combination of both at once. He calls himself "the Pachuco's grandson" or REMEK or Michael, depending on the context, and others follow his lead. He worries about losing his identification card, lest someone mistake his brown skin for evidence of a crime he never committed. He wonders what his students--imprisoned men who remind him of his high school friends and his own brother--make of him. He wonders how often his neighbors think about where he came from, if they ever do imagine where he came from. When Torres returns to his hometown to find the layers of spray-painted evidence he and his boyhood friends left behind to prove their existence have been washed away by well-meaning municipal workers, he wonders how to collect a list of names that could match the eloquent truths those bubbled letters once secured.
