Global investing isn't new. In fact, investors have been looking to overseas markets for hundreds of years, and with good reason. A global portfolio can bestow innumerable rewards on the savvy investor, yet many US investors remain woefully under-exposed to foreign equities. Despite the fact that US equity markets make up less than half of world markets, only a small portion of our investment dollars are allocated overseas. Even the most sophisticated investors have been deterred by misconceptions about the risks associated with owning foreign stocks or a lack of information

about foreign markets. But the notion investment options are limited by borders is antiquated and downright detrimental to successful investing. Once considered the playground of only the ultra-rich or institutional investors, global investing is fast becoming not only possible, but a necessity, for every investor. As part of Fisher Investments Press, *Own the World* introduces readers to the vast advantages of seeking investment opportunities all over the planet. *Own the World* provides investors with tools to build a global portfolio and points out potential hurdles to avoid. It also educates readers on the nuts and bolts of foreign markets, how to easily understand them, and vehicles for investing there. By detailing the vast and currently underappreciated benefits of global investing and the distinct advantages of a global

The greatest transfer of wealth in the nation and the world is now unfolding. Money is about to flow away from the financially uninformed and flow towards the financially well-informed in the years ahead. Whenever governments start to dilute their money investors transfer their money into gold and silver. Although gold is a great way to preserve your wealth, it's silver you could actually make a fortune with. Protect your savings and create a substantial investment income every single month. Financial ignorance is the only reason you are not yet cashing in on the biggest wealth transfer in history. A

**Solid Method to Achieve Financial Freedom** This book will show you exactly how to live and prosper by the new laws of money in the new economy. It will show you how to beat the new money thieves (Banks and Governments) at their own game while quietly profiting from the money meltdown that is now underway. We are approaching a monetary crisis of epic proportions never before seen. You are probably aware of the rising price of gold that's been going on for almost 10 years now. Most recently, gold started climbing with even greater speed. History repeats itself again and again. Whenever governments start to dilute their money investors transfer their money into gold and silver. Gold and silver have intrinsic value and will always prevail in any economy. Many financial experts predict that gold could at least double to \$3,000 . . .

**\$3,500 . . . and some say even \$5,000!** But experts also predict the price of silver could rise seven to eight times its current value before hitting its peak. What most non-investors and investors – including yourself – probably don't realize is that although gold is a great way to preserve your wealth, it's silver that could actually make you rich! The price of gold has already risen dramatically, but silver is just beginning its parabolic climb. Over the last 9 years the silver price increased an average of 29% per year! Compare this to the stock and real estate market, which declined when adjusted for inflation. **Nine Reasons Why Silver is a Unique Wealth Building Instrument** Silver, like gold, has intrinsic value Silver has been in a commodity bull cycle since 2000 Silver is a safe hedge against currency inflation Silver is a security choice
