Why You 're Still Single is not about chasing men, so you will not need a butterfly net. It is not about making them chase you, because they are not wolves and you are not a bunny. Relationship experts Evan Marc Katz and Linda Holmes do not suggest that you treat men like hostile alien presences, pretend you don 't understand football, buy padded bras, or refuse to call people back. But the benefit of other people 's experience might point out a few things that are tripping you up, no matter how much of an amazing, smart, hot, totally worthwhile ass-kicker you may be as a general rule. They recommend: Honesty (usually), playing fair, shutting up (sometimes), speaking up (other times), respecting that voice in your head that says "You 're doing WHAT?", making compromises, knowing when to cut bait, good sex, giving yourself a break, being needlessly generous, and periodically leaving

your apartment. They don't recommend: Pretending to like what you don't like, treating winking and giggling like a Get Out Of Jail Free card, testing people, stubbornness, martyrdom, talking everything to death, and convincing yourself that you're desperate.

Sewing is a way to turn your dreams, your imagination, and your ideas into real life goods. Presented in a class format by Pat Sloan, the nationally acclaimed sewing and quilting teacher, this book gives you the basic tools and information you need to get sewing--fast and furious! From how to find a sewing machine to buying fabrics and notions and 19 great projects in between, this book will have you sewing in no time! Beginner introduction to sewing, plus these projects: Coaster Set; The Perfect Table Runner; Scarf Magic; Oh-So-Soft Blankets (for baby); A Green Grocery Sack; A Ditty Bag for Every Use; Shower in Style; Valance Love; A Summer Spread; Round and Round We Go Pillows; and Easy Peasy Pillowcases.

In these hilarious "confessions" of her misadventures, Pat Fortunato shows us why you must often bend the rules to avoid becoming bitter. She takes all those clichés, platitudes and supposedly wise and helpful advice you hear every day, adds the all-important sentiment, "Yeah, but . . ." and tells a funny story. "Do something out of your comfort zone?" Well, maybe. But should you meet your lunch date at a strip club as she did? Probably not (My Night At The Pussy Cat Lounge). "Always wear clean underwear?" Right. Just don't leave it in Rome by the Trevi Fountain (Oh! You're Supposed To Throw Coins!). "Embrace change?" Okay, but don't expect to like it (Alien Vibrators From Hell). Expect to like the book, though: it's readable, witty, and all too true.
