Frederick Forsyth is the #1 New York Times bestselling author of seventeen novels, including The Day of the Jackal and The Odessa File, as well as short story collections and a memoir. A former Air Force pilot, and one-time print and television reporter for the BBC, he has had four movies and two television miniseries made from his works.

Icon by Frederick Forsyth, Paperback | Barnes & Noble®

Icon is one of my favorite novels by Frederick Forsyth because in this work he really makes easy to connect with the characters. Forsyth put many complicated characters in this book, and opened up the world post-Soviet Moscow. An excellent read that projects the settings so wonderfully described into the reader's mind.

Icon (or Frederick Forsyth's Icon) is a 2005 made-for-television thriller film directed by Charles Martin Smith and very loosely based on the 1997 novel by Frederick Forsyth. The film premiered on Hallmark Channel May 30, 2005. It is set in the period 1985 to 1999.

Icon (film) — Wikipedia

Forsyth installs a nasty guy as the Ruski president who wants to return the country - not so much to Stalin's Communism but more to Hitlerian Fascism. In fact, his Political Manifesto could have come straight out of Mein Kampf rather than Marx.

Another superb Forsyth book "Icon" is yet another superb book by the master, Frederick Forsyth. As another reviewer has pointed out, the narrative weaves through several time periods, but it all gets linked together well at the end. As usual with Forsyth books, he adds in enough detail to give the story a sense of realism.

Frederick Forsyth, 1999

A NEW YORK TIMES BESTSELLER • From the master of the novel of international intrigue comes a riveting new book as timely and unsettling as tomorrow's headlines. It is summer 1999 in Russia, a country on the threshold of anarchy. An interim president sits powerless in Moscow as his nation is wracked by famine and inflation, crime and corruption, and seething hordes of the unemployed roam the streets. For the West, Russia is a basket case. But for Igor Komarov, one-time army sergeant who has risen to leadership of the right-wing UPF party, the chaos is made to order. As he waits in the wings for the presidential election of January 2000, his striking voice rings out over the airwaves offering the roiling masses hope at last—not only for law, order, and prosperity, but for restoring the lost greatness of their land. Who is this man with the golden tongue who is so quickly becoming the promise of a Russia reborn? A document stolen from party headquarters and smuggled to Washington and London sends nightmare chills through those who remember the past, for this Black Manifesto is pure Mein Kampf in a country with frightening parallels to the Germany of the Weimar Republic. Officially the West can do nothing, but in secret a group of elder statesmen sends the only person who can expose the truth about Komarov into the heart of the inferno. Jason Monk, ex-CIA and "the best damn agent-runner we ever had," had sworn he would never return to Moscow, but one name changes his mind. Colonel Anatoli Grishin, the KGB officer who tortured and murdered four of Monk's agents after they had been betrayed by Aldrich Ames, is now Komarov's head of security. Monk has a dual mission: to stop Komarov, whatever it takes, and to prepare the way for an icon worthy of the Russian people. But he has a personal mission as well: to settle the final score with Grishin. To do this he must stay alive—and the forces allied against him are ruthless, the time frighteningly short. . . . Praise for Icon “Vintage Forsyth, intricate, exact and gripping.”—The New York Times Book Review “Another strong performance by a writer who knows exactly what he’s about, and who here catalyzes narrative with another memorable protagonist, the stealthy and daring Monk.”—Publishers Weekly (starred review) “One of his best works for a long time, which provides an all-too-real look at a chilling new millennium.”—The Sunday Times, London

From the world-renowned, bestselling author of The Day of the Jackal and The Fox 'A cunningly constructed action thriller . . . the story is terrifying and timely and grips you to the end' Daily Telegraph It is 1999 and Russia is on the edge of total implosion. Social and moral order has collapsed. The only rule is imposed by mafia-like criminal gangs. And a visionary patriot whose voice rises above it all: Igor Komarov. It is in to this world that former CIA agent Jason Monk is plunged. Drawn out of retirement by the CIA's desperate bid to halt Komarov's meteoric rise, he must slip back in to Russia undetected and carry out a covert mission that the world depends on. With Komarov set to win the next election, Monk discovers a secret document that is smuggled in to the British Embassy in Moscow. Named The Black Manifesto, it reveals Komarov's horrifying and deadly secret agenda. With many Western leaders persuaded that Komraov can lead his country into a new age, and the election looming, time is running out . . .

It is 1999 and Russia is on the edge of total implosion. Social and moral order has collapsed and what small semblance of control there is, is being imposed by mafia-like criminal gangs. While public opinion in the West is largely indifferent, the politic

From the grand master of international suspense comes his most intriguing story ever—his own. For more than forty years, Frederick Forsyth has been writing extraordinary real-world novels of intrigue, from The Day of the Jackal on. Whether writing about the murky world of arms dealers or the intricacies of worldwide drug cartels, every plot has been chillingly plausible because every detail has been minutely researched. But what most people don't know is that some of his greatest stories of intrigue have been in his own life. He was the RAF's youngest pilot at the age of nineteen, barely escaped the wrath of an arms dealer in Hamburg, got strafed by a MIG during the Nigerian Civil War, landed during a bloody coup in Guinea-Bissau (and has himself been accused of helping fund a 1973 coup in Equatorial Guinea). The Stasi arrested him, the Israelis feted him, the IRA threatened him, and a certain attractive Czech secret police agent, well, her actions were a bit more . . . intimate. And that's just for starters. Nominated for the Edgar Award for best critical/biographical work of 2015.

Christmas Eve, 1957: An RAF pilot needs a miracle to make it home as his fighter jet begins to fail, in a story by the #1 New York Times-bestselling author. It is Christmas Eve, 1957, and there are cozier places to be than the cockpit of a de Havilland Vampire fighter plane. But for the Royal Air Force pilot who has just taken off from West Germany, this single-seat jet is the only way to make it back to England for Christmas morning. His flight plan is simple; the fuel tank is full. In sixty-six minutes, he will be back in Blighty. But then the plane begins to fail. First the compass goes haywire, then the radio dies. Lost and alone above the English coast, the pilot is searching for a landing strip when the fog closes in, signaling certain death. He has given up hope when a second shadow appears—a Mosquito fighter-bomber of World War II vintage. The plane is a “shepherd,” guiding the Vampire to a safe landing, and its appearance is a gift from fate, a miracle out of time—but for one lonely pilot, the mystery has just begun. A classic bestseller, beloved by aviation fans (including actor John Travolta, who calls it “one of my favorites because it personalizes the two planes”) and general readers alike, The Shepherd is a gripping, heartwarming tale for a cold winter’s night.

An extraordinary cutting-edge suspense novel from the "king of the pack" (The Washington Times), #1 New York Times bestselling author Frederick Forsyth. In northern Virginia, a secret agency named TOSA (Technical Operations Support Activity) has one mission: to track, find, and kill those so dangerous to the United States that they are on a short, very close-held document known as the Kill List. Now a new name has been added: a terrorist of frightening effectiveness called the Preacher, who radicalizes young Muslims living abroad to carry out assassinations. Unfortunately for him, one of his targets is a retired Marine general, whose son is TOSA's top tracker of men. The Preacher has made it personal—and now the hunt is on...

Quinn, the negotiator, is called in to resolve the plot to keep the U.S. President from signing a U.S.-Soviet disarmament treaty.

From the bestselling author of The Day of the Jackal, international master of intrigue Frederick Forsyth, comes a thriller that brilliantly blends fact with fiction for one of this summer's—or any season's—most explosive reads! From the behind-the-scenes decision-making of the Allies to the secret meetings of Saddam Hussein's war cabinet, from the brave American fliers running their dangerous missions over Iraq to the heroic young spy planted deep in the heart of Baghdad, Forsyth's incomparable storytelling skill keeps the suspense at a breakneck pace. Somewhere in Baghdad is the mysterious "Jericho," the traitor who is willing—for a price—to reveal what is going on in the high councils of the Iraqi dictator. But Saddam's ultimate weapon has been kept secret even from his most trusted advisers, and the nightmare scenario that haunts General Schwarzkopf and his colleagues is suddenly imminent, unless somehow, the spy can locate that weapon—The Fist of God—in time. Peopled with vivid characters, brilliantly displaying Forsyth's incomparable, knowledge of intelligence operations and tradecraft, moving back and forth between Washington and London, Baghdad and Kuwait, desert vastnesses and city bazaars, this breathtaking novel is an utterly convincing story of what may actually have happened behind the headlines.

THE CLASSIC THRILLER FROM #1 NEW YORK TIMES BESTSELLING AUTHOR FREDERICK FORSYTH "The Day of the Jackal makes such comparable books such as The Manchurian Candidate and The Spy Who Came in from the Cold seem like Hardy Boy mysteries."—The New York Times The Jackal. A tall, blond Englishman with opaque, gray eyes. A killer at the top of his profession. A man unknown to any secret service in the world. An assassin with a contract to kill the world's most heavily guarded man. One man with a rifle who can change the course of history. One man whose mission is so secretive not even his employers know his name. And as the minutes count down to the final act of execution, it seems that there is no power on earth that can stop the Jackal.

With mandatory retirement looming on the horizon, longtime British Intelligence operative Sam McCready must allow his remarkable history of service--involving intrigue, deception, and murder--to decide his fate
