Over a million people have been helped to take that first step with this easy-to-read pamphlet. The author provides an in-depth understanding of the first step in the 12 Step program of Alcoholics Anonymous. Step 1: The Foundations of Recovery also provides a table that outlines the stages of addiction and recovery.

Anyone who has struggled with sex addiction knows that living with constant sexual compulsions can be extremely difficult. But summoning the courage to find help for this condition can be even more of a challenge. If addictions to pornography, strip clubs, massage parlors, prostitutes, phone sex, or chat rooms have made you feel trapped, this book can help you find a way to break free. Written by a former sex addict who specializes in counseling people who suffer from sexually compulsive behavior, Breaking the Cycle presents a step-by-step plan to enjoying a life of productivity and purpose. You can free yourself from the powerful, compulsive urges that may have damaged your career, finances, or relationships with friends and family. The exercises in this book will show you how to regain control of your life and build meaningful intimate connections with others.

A practical guide to letting go of the character defects that get in the way of true and joyful recovery. Resentment. Fear. Self-Pity. Intolerance. Anger. As Bill P. explains, these are the "rocks" that can sink recovery- or at the least, block further progress. Based on the principles behind Steps Six and Seven, Drop the Rock combines personal stories, practical advice, and powerful insights to help readers move forward in recovery. The second edition features additional stories and a reference section.

The Hallucinogens attempts to provide a detailed description of the hallucinogens in a single volume. Hallucinogens are chemicals which in nontoxic doses produce changes in perception, in thought, and in mood, but which seldom produce mental confusion, memory loss, or disorientation for person, place, and time. These latter changes are characteristic of organic brain reactions following intoxications with alcohol, anesthetics, and other toxic drugs. The book covers the following hallucinogens: plant β -phenethylamines, d-lysergic acid diethylamide, ololiuqi, indole hallucinogens derived from t ...

A participatory alternative to the perennialism and experientialism dominant in transpersonal psychology.

The art of dying and the posthumous journey of the soul have been depicted by many cultures. The ancient texts that are specifically dedicated to the problems of death and dying are usually referred to as 'books of the dead'.

This important new title by Richard J. Bernstein presents a detailed examination of Freud's last book, Moses and Monotheism. Bernstein argues convincingly that this frequently vilified and dismissed book is one of Freud's most important works. It is in Moses and Monotheism that Freud answers the question that obsessed him: what is the essence of the Jewish people? Bernstein goes on to show how Freud developed a new interpretation of the concept of a religious tradition--an interpretation that is applicable to both Judaism and Christianity.
