matching the Cambridge International AS & A Level Chemistry syllabus (9701). Endorsed by Cambridge International Examinations, the Second edition of the AS/A Level Chemistry Coursebook comprehensively covers all the knowledge and skills students need for AS/A Level Chemistry 9701 (first examination 2016). Written by renowned experts in Chemistry, the text is written in an accessible style with international learners in mind. The Coursebook is easy to navigate with colour-coded sections to differentiate between AS and A Level content. Self-assessment questions allow learners to track their progression and exam-style questions help learners to prepare thoroughly for their examinations. Contemporary contexts and applications are discussed throughout enhancing the relevance and interest for learners.

Endorsed by Cambridge International Examinations. Additional support for the written part of the exam to help students improve their answers and overall grade, including authentic material written by students with critical comments from teachers.

- Places attention on the importance of style and content, together with accuracy and the correct use of different registers
- Explains relevant grammar points in easy-to-understand language, and are supported by exam-related examples
- Illustrates each point by means of an example relevant to the exam
- Contains a database of topic-related vocabulary and ideas

Review "With sample examination questions after each skill, the book would even help teachers in assessing students after each skill taught... I highly recommend it." Mrs L Shana, Rainbow Secondary School, Botswana

Also useful for: The clear explanations
