Reconnecting the MBTI to type theory has critical practical implications and applications. In this regard, the overall goal of this edition is identical to that of the two editions that

Unlike extroverts, who draw their energy from social interaction, your energy comes from quiet reflection. Is it any wonder then, that mindfulness can help you hone your natural talents? In *The Awakened Introvert*, mindfulness expert and card-carrying introvert Arnie Kozak provides a comprehensive set of mindfulness and cognitive behavioral tools to help you maximize your introvert strengths (such as rich access to your interior) while minimizing your introvert weaknesses (such as a tendency toward worry and rumination). In the book, you’ll learn powerful strategies to help you monitor your energy; recharge after social interactions; improve social and communication skills; and take advantage of your capacity for quiet reflection, and sweet, sweet solitude. If you’re looking to unlock the full potential of your unique introvert brain, this book provides a fun, practical, and authentic “user’s manual.”
