Why can’t we convince others? And why won’t people listen? We say great things to people. We offer great products to prospects. We share our vision and passion with others. And they don’t believe us, they don’t buy, and they don’t share our vision and passion. We say great things, but people don’t believe us or act on our message. Why? Well, we don’t need more good things to say. Instead, we need to learn how to get people to believe and trust the good things we are saying already. It’s not about the price. It’s not about the salesman’s breath. It is not about the leader’s PowerPoint presentation. It is all about the magical first few seconds when we meet people. What happens? In the first few seconds, people make an instant decision to: 1. Trust us. Believe us. Or, in the first few seconds, people make an instant decision to: 2. Turn on the salesman alarm. Put on the “too good to be true” filter. Be skeptical. Look for “the catch.” This decision is immediate, and unfortunately, usually final. Tom "Big Al" Schreiter shows us exactly how to build a bond of trust and belief with prospects in seconds. How? By talking directly to the decision-making part of the brain, the subconscious mind. In this book, “How To Get Instant Trust, Belief, Influence And Rapport! 13 Ways To Create Open Minds By Talking To The Subconscious Mind,” we will learn easy four- and five-word micro-phrases and simple, natural techniques that you can master within seconds. Yes, this is easy to do! Our message should be inside of other people’s heads, not bouncing off their foreheads. Our obligation is to get our message inside of their heads so they will have options and choices in their lives. Now, if we can’t get people to trust and believe our message, then we will effectively be withholding our message from them. Use these short, easy, tested, clear techniques to build that instant rapport with other people. Then, everything else is easy. If you are a leader, a salesman, a network marketer, an influencer, a teacher, or someone who needs to communicate quickly and efficiently, this book is for you. Order your copy now!

The acclaimed New York Times and Wall Street Journal bestseller from Robert Cialdini—“the foremost expert on effective persuasion” (Harvard Business Review)—explains how it’s not necessarily the message itself that changes minds, but the key moment before you deliver that message. What separates effective communicators from truly successful persuaders? With the same rigorous scientific research and accessibility that made his Influence an iconic bestseller, Robert Cialdini explains how to prepare people to be receptive to a message before they experience it. Optimal persuasion is achieved only through optimal pre-suasion. In other words, to change “minds” a pre-suader must also change “states of mind.” Named a “Best Business Books of 2016” by the Financial Times, and “compelling” by The Wall Street Journal, Cialdini’s Pre-Suasion draws on his extensive experience as the most cited social psychologist of our time and explains the techniques a person should implement to become a master persuader. Altering a listener’s attitudes, beliefs, or experiences isn’t necessary, says Cialdini—all that’s required is for a communicator to redirect the audience’s focus of attention before a relevant action. From studies on advertising imagery to treating opiate addiction, from the annual letters of Berkshire Hathaway to the annals of history, Cialdini outlines the specific techniques you can use on online marketing campaigns and even effective wartime propaganda. He illustrates how the artful diversion of attention leads to successful pre-suasion and gets your targeted audience primed and ready to say, “Yes.” His book is “an essential tool for anyone serious about science based business strategies…and is destined to be an instant classic. It belongs on the shelf of anyone in business, from the CEO to the newest salesperson” (Forbes).
