International Secondary Science has been developed in accordance with the guidelines of Cambridge Secondary 1 Science curriculum framework. The textbooks are subdivided into the areas of physics, biology, and chemistry. The course has been designed to challenge students, and contains expanded material along with a multitude of practice questions in order to enhance understanding.

International Secondary Science Teacher Pack 3

Currently there are texts available for grades 1-6. Singapore follows a pretty hardline science-only approach with little reference to origins or any specific ideology. The programis fast-paced and filled with information, and students used to the more casual pace of American science textbooks will likely find it difficult to keep up.

Science Works enables you to deliver the skills-based How Science Works approach in an integrated, manageable and fully supported way.
