In 1972, as the war in Vietnam raged, Secretary of State Henry Kissinger sat down for an interview with Fallaci and regretted it almost immediately. The piece was published in the *New Republic* and anthologized in *Interview with History*. Here's an excerpt: "Oriana Fallaci: And what do you have to say about the war in Vietnam, Dr. Kissinger? You've never been against the war in Vietnam, it seems to me."

Interview With History by Fallaci, Oriana

I am an admirer of Oriana Fallaci and read "Interviews with History" ( translated in 1976), a good many years ago, along with several other of her books. I have someone on my Christmas list who I thought would enjoy the interviews by the great interviewer, and came across this edition which had something added to the title "...and Conversations with Power", which peaked my interest.

Interview With History Oriana Fallaci

Oriana Fallaci is the absolute exemplar of the interviewer of power. Those of us who remember David Frist in his prime may have them alongside each other, in some ways she may have been better, as another reviewer has said - she was doing this as a woman long before 'girl power'.

A posthumous compilation of this award-winning and best-selling writer and journalist's seminal, historic interviews. Oriana Fallaci was granted access to countless world leaders and politicians throughout her remarkable career. Considering herself a writer rather than a journalist, she was never shy about sharing her opinions of her interview subjects. Her most memorable interviews—some translated into English for the first time—appear in this collection, including those with Ariel Sharon, Yassir Arafat, the former Shah of Iran, Lech Walesa, the Dalai Lama, Robert Kennedy, and many others. Also featured is the famous 1972 interview in which she succeeded in getting Henry Kissinger to call Vietnam a "useless war" and to describe himself as "a cowboy." To this day he calls the Fallaci interview "the most disastrous conversation I ever had with the press."

Probing interviews with fourteen contemporary political leaders, including Kissinger, Meir, Arafat, Indira Gandhi, and the Shah of Iran, reveal their personal attitudes and propensities and survey the workings of the leader in history

A landmark biography of the most famous Italian journalist of the twentieth century, an inspiring and often controversial woman who defied the codes of reportage. Oriana Fallaci is known for her uncompromising vision. To retrace Fallaci's life is to retrace the course of history from World War II to 9/11. As a child, Fallaci enlisted in the Italian Resistance alongside her father, and her hatred of fascism and authoritarian regimes remained strong throughout her life. Covering the entertainment industry early in her career, she created an original, abrasive interview style, focusing on her subjects' emotions, contradictions, and facial expressions more than their words. When she grew bored with movie stars and directors, she turned her attention to the international political figures of the time—Khomeini, Gaddafi, Indira Gandhi, Kissinger—always placing herself front and center in the story. Also a war reporter working wherever there was conflict, she would provoke controversies that became news themselves. With unprecedented access to personal records, Cristina De Stefano brings to life this remarkable woman whose groundbreaking work and torrid love affairs are not easily forgotten. Oriana Fallaci allows a new generation to discover her story and witness the passionate, unstinting journalism so urgently needed in these times of upheaval and uncertainty.

A posthumous compilation of this award-winning and best-selling writer and journalist's seminal, historic interviews. *Inshallah* claims its place amongst social media poetry and Instagram sensations like Rupi Kaur. These poems are like perfect cups and inside each is something essential. Personal, observational, and confessional, *Inshallah* carries themes of self-care, romance, unrequited love, potent femininity, and resiliency. At times, these poems are self-aware and conversational, but there are private moments of self-preservation and self-love, too, reminding us of what it takes to withstand relationships. From romance to motherhood to friendships, these poems refuse to be possessed or destroyed—they explore what it means to navigate love without losing oneself. *Inshallah* is for the modern reader: no doubt you will find yourself in these pages and understand something about your life that you hadn't before.

With *The Rage and the Pride* Oriana Fallaci breaks a ten year silence. The silence she kept until September 11's apocalypse in her

Manhattan house. She breaks it with a deafening noise. In Europe this book has caused and causes a turmoil never registered in decades. Polemics, discussion, debates, hearty consents and praises, wild attacks. And a million copies sold in Italy where it still is at the bestsellers' top. Hundreds of thousands in France, in Germany, in Spain: the other countries where it has become the Number one Bestseller. Around a dozen translations will soon appear. With her well-known courage Oriana Fallaci faces the themes unchained by the Islamic terrorism: the contrast and, in her opinion, incompatibility between the Islamic world and the Western world; the global reality of the Jihad and the lack of response, the lenience of the West. With her brutal sincerity she hurls pitiless accusations, vehement invectives, and denounces the uncomfortable truths that all of us know but never dare to express. With her rigorous logic, lucidity of mind, she defends our culture and blames what she calls our blindness, our deafness, our masochism, the conformism and the arrogance of the Politically Correct. With the poetry of a prophet like a modern Cassandra she says it in the form of a letter addressed to all of us. The text is enriched by a dramatic preface in which Oriana Fallaci reveals how *The Rage and the Pride* was born, grew up, and detachedly calls it "my small book." In addition, a preface in which she tells significant episodes of her extraordinary life and explains her unreachable isolation, her demanding and inflexible choices. Because of this too, what she calls "my small book" is in reality a great book. A precious book, a book that shakes our conscience. It is also the portrait of a soul. Her soul. No doubt it will remain as a thorn pierced inside our brains and our hearts.

A pregnant woman who regards motherhood as a responsible, moral choice prepares for her child's birth by remarking upon and examining her ambivalent feelings toward herself, her society, and her unborn child

Oriana Fallaci is back with her much-anticipated follow up to *The Rage and the Pride*, her powerful post-September 11 manifesto. The genesis for *The Force of Reason* was a postscript entitled *Due Anni Dopo* (Two Years Later), which was intended as a brief appendix to the thirtieth edition of *The Rage and the Pride* (2002). Once Ms. Fallaci completed the postscript, she chose to expand it into a book, a continuation of her ideas set in motion in *The Rage and the Pride*. In *The Force of Reason* Fallaci takes aim at the many attacks and death threats she received after the publication of *The Rage and the Pride*. Ms. Fallaci begins by identifying herself with one Master Cecco, the author of a heretical book who was burnt at the stake during the Inquisition seven centuries ago on account of his beliefs, and proceeds with a rigorous analysis of the burning of Troy and the creation of a Europe that, to her judgment, is no longer her familiar homeland but rather a place best called Eurabia, a soon-to-be colony of Islam (with Italy as its stronghold). Ms. Fallaci explores her ideas in historical, philosophical, moral, and political terms, courageously addressing taboo topics with sharp logic.
