This volume provides a comprehensive overview of business law in Russia. It presents an introduction to the Russian legal system in general before going on to provide a thorough analysis of the key aspects such as regulation, taxation, competition, contracts, intellectual property law, among many others. Where appropriate, cases and international comparisons are included to help illustrate the practical workings of this complex system. The book will be an invaluable guide for students, researchers and practitioners who want a clear understanding of legislation relating to business in contemporary Russia.

This custom edition is published for Curtin University.

This book introduces law in the context of international business. The basics of law are explored using a clear comparative methodology. International and regional economic institutions are discussed, next to the fundamentals of private law. These include contract law, liability law, labour law, company law, privacy law, intellectual property law and international private law. The book goes beyond the usual focus on Western legal systems and uses examples from all over the world to provide students with comprehensive knowledge of business law. It is set up rather broadly, so that it can be used by teachers throughout their entire curriculum. Each chapter ends with a clear summary, and practice questions. Due to its colourful cases, this book is accessible and fun to read.
