modern natural habitat. The second part explains how the law was transformed and ultimately dismantled during the colonial period. In the final chapters, the author charts recent developments and the struggles of the Islamists to negotiate changes which have seen the law emerge as a primarily textual entity focused on fixed punishments and ritual requirements. The book, which includes a chronology, a glossary of key terms, and lists of further reading, will be the first stop for those who wish to understand the fundamentals of Islamic law, its practices and history.

“ I highly recommend ‘ Introduction to Islamic Law: Principles of Civil, Criminal, and International Law under the Shari ‘ a ’ to scholars and any

individual who desires to learn about the Shari ‘ a and its basic values through an objective, methodical study. ” Mohamed A. ‘ Arafa, Ph.D. Assistant and Adjunct Professor of Law Alexandria University Faculty of Law, Egypt Islamic law (Shari ‘ a) is an all-inclusive legal tradition that creates a seamless web reaching from the public sphere into the private sphere of life. Thus, the Shari ‘ a recognizes no bifurcation between legislation and religion, no wall of separation between the mosque and the state, and no compartmentalization of morality, faith, and law. Nonetheless, the duties under Islamic law can be divided into two large subcategories, the first and most important of which mainly concerns the private, individual relationship between God and man. In

# Read Book Introduction To Islamic Law

contrast, the second duty mainly concerns the public, transactional relationships among individuals which – in a secular framework – is most analogous to “ law. ” Introduction to Islamic Law begins with an overview of Islam as a whole, including a discussion of the sources of Islamic law and sectarian distinctions. Then, the book thoroughly addresses the secondary duties of Islamic law, which govern daily transactions between individuals, including the law of contracts, property, banking and finance, and familial relations as well as criminal law and procedure and the law of war. The legal rules embodied within the Shari ‘ a are mandatory in jurisdictions adhering to a strict application of Islamic law. However, Islamic law remains highly influential even in Muslim-majority countries

# Read Book Introduction To Islamic Law

with secular legal codes. Nevertheless, given recent developments in the Arab world, as well as the rise of terrorism in the name of Islam, the Shari ' a is a subject that has seeped into the national dialogue of wholly secular, non-Muslim jurisdictions. Thus, Introduction to Islamic Law is offered for scholars and students – both Muslim and non-Muslim, with or without a legal background – for the purpose of obtaining a basic understanding of the foundational concepts of the Shari ' a.

What is Sharia? What does Islam teach? To what extent do ordinary Muslims know about and understand Islamic rules? How can one learn sharia in a simple, accurate way? How do Muslim scholars derive Sharia rules? The objective of the present

# Read Book Introduction To Islamic Law

book is to be a study course for law students who want to learn how to perform Islamic legal reasoning. The goal is to simplify the material to the point where students who are not professional Islamic scholars can, nevertheless, discuss and analyze sharia.

Islamic law is one of the major legal systems in the world today, yet it is often misunderstood, particularly in the West. This book provides a critical overview of the theory, scope, and practice of Islamic law, taking into account both classical and modern scholarly perspectives in examining the various facets of this key legal system.

# Read Book Introduction To Islamic Law

Lawyers, according to Edmund Burke, are bad historians. He was referring to an unwillingness, rather than an inaptitude, on the part of early nineteenth-century English lawyers to concern themselves with the past: for contemporary jurisprudence was a pure and isolated science wherein law appeared as a body of rules, based upon objective criteria, whose nature and very existence were independent of considerations of time and place. Despite the influence of the historical school of Western jurisprudence, Burke's observation is generally valid for Middle East studies. Muslim jurisprudence in its traditional form provides an extreme example of a legal science divorced from historical considerations. Law, in classical

## Read Book Introduction To Islamic Law

Islamic theory, is the revealed will of God, a divinely ordained system preceding, and not preceded by, the Muslim state controlling, but not controlled by, Muslim society. There can thus be no relativistic notion of the law itself evolving as an historical phenomenon closely tied with the progress of society. The increasing number of nations that are largely Muslim or have a Muslim head of state, emphasizes the growing political importance of the Islamic world, and, as a result, the desirability of extending and expanding the understanding and appreciation of their culture and belief systems. Since history counts for much among Muslims and what happened in 632 or 656 is still a live issue, a journalistic familiarity with present conditions is not enough; there must

## Read Book Introduction To Islamic Law

also be some awareness of how the past has molded the present. This book is designed to give the reader a clear picture. But where there are gaps, obscurities, and differences of opinion, these are also indicated.

The book description for the previously published "Introduction to Islamic Theology and Law" is not yet available.
