Contents: business law: scope of business law; primacy of the law of contract: definitions and purposes; principles, scope and nature of law of contract; sale of goods: title, sale by description, quality and fitness for purpose, merchantable quality, unascertained goods; law of agency: general agency, special agency, mercantile agency; brokerage: express authority, implied authority, authority by ratification; hire purchase; and model questions and answers. The author is a lecturer of commercial and industrial law at the University of Lagos.

A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

Nigeria Business Law Handbook - Strategic Information and Basic Laws

Volume 1 on public law provides an introduction to the Nigerian legal system. The various chapters deal with: introduction and sources of law; jurisprudence and Nigerian perspectives; African customary law; Islamic law; comparative constitutionalism and Nigerian perspectives; citizenship, immigration and administrative law; judicial system and legal profession; criminal law, evidence and civil procedure; statutory marriage and divorce laws; customary marriage and divorce; marriage and divorce under Islamic law; matters of children; gender and law in Nigeria with emphasis on Islamic law. Volume 2 has 25 chapters on private law that includes security of the environment and environmental law, land and property administration, commercial business and trade laws, communication, media and press laws, transportation and carrier laws, law enforcement, armed forces and military laws, investments, and

intellectual property.

Discover the business law book you will enjoy reading with Beatty/Samuels/Abril's INTRODUCTION TO BUSINESS LAW, 7E. Readers comment that this is the best introduction to law they have ever read and they had no idea law could be so interesting. This book uses conversational writing to explain complex topics and even emerging legal trends in easy-to-understand language. With 75 years of combined teaching experience, these authors know how to clearly explain topics and keep your interest. Because the authors actually practiced law before they became teachers, they also describe how theories of law actually work in everyday business practice. This edition is packed with current examples and real-life scenarios relevant to daily life - from marijuana contracts and executive compensation to the impact of Covid-19 and #MeToo in the workplace. Gain an understanding of today's business law topics and their impact on your life with this engaging book.
