undergraduate students, with the most global perspective. Written by three experts in the field, this book takes a balanced approach to the subject, serving as a strong foundation for further study. Assuming no prior knowledge, the authors use an accessible yet analytical approach which encourages critical analysis and debate, helping students to develop the vital skills they need for future studies and employment. The new edition has been fully updated with additional case studies and examples to help students to understand how key theories and principles apply in the context of real-world events. New to the fourth edition is a chapter on 'Non-Western Approaches', which helps students to bring more diverse perspectives to their study of politics. Furthermore, additional coverage of populism has been included, to reflect current events and developments in discourse. This ensures that Introduction to

Very Short Introduction to Politics shows how political trends and maneuvers develop and how they help shape our society. Kenneth Minogue, with his lively and popular style, begins with a discussion of issues arising from a historical account of politics, and goes on to offer chapters dealing with the Ancient Greeks and the idea of citizenship; Roman law; medieval Christianity and individualism; freedom since Machiavelli and Hobbes; the challenge of ideologies; democracy, oligarchy, and bureaucracy; power and order in modern society; and politics in the West. Readable and pithy, this entertaining introduction is perfect for anyone looking for an accessible overview of the subject.

understanding of issues and events in a rapidly shifting global political landscape. Bringing together classic and contemporary political concepts and ideologies into one book, this new text introduces the major approaches to political issues that have shaped the modern world, and the ideas that form the currency of political debate. Introduction to Political Theory relates political ideas to political realities through effective use of examples and case studies making theory lively, contentious and relevant. This updated third edition comes with significant revisions which reflect the latest questions facing political theory, such as the French burqa controversy, ethnic nationalism and the value of research from sociobiology. Accompanying these debates is a wealth of new and thought-provoking case studies for discussion, including (consensual) sadomasochism, affirmative action and same-sex
