Since the dawn of civilization the vampire has danced through the dreams and nightmares of every culture, expressed in folklore, literature, and art. Today, this fascination resonates in pop-culture, through hit television shows and movies and bestselling books. But what does it mean to be a vampire, a living and modern vampire? What many do not realize is that the Living Vampyre is on a serious, lifelong spiritual path. Best known as Strigoi Vii, the Living Vampyre is one who has embarked on a serious and lifelong spiritual path. Not just "kids in capes," the members of this magical community seek to live in glamour and ritual every day. The Vampyre Sanguinomicon provides a profound perspective on the Vampyre culture, traditions, movement and philosophies, which are intended to challenge and inspire your views. Chapters include Vampyre Ritual, Vampyre Sensuality, Beginning Vampirism, and The Vampyre Wedding.

This book shows that wars that have hitherto been mainly interpreted as driven by economic, resource, ethnic or clan interests (such as the conflicts in Liberia and Somalia in the early 1990s) do have an overriding political rationale, which revalidates Carl von Clausewitz's nineteenth-century understanding of war.

Equitable Solutions for Retaining a Robust STEM Workforce offers strategies and proven recommendations to accommodate work/life satisfaction for those in the STEM fields. Using real-life case studies, this book discusses universal issues such as dual careers and strategic decision making, childcare/dependent care in professional contexts, promoting family-friendly policies, as well as mentoring and networking. Equitable Solutions for Retaining a Robust STEM Workforce provides data and tools to drive successful programs relaying proactive solutions that STEM employers, academic institutions, policy-makers, and individuals can utilize. Distills and leverages best practices and internationally transportable policies to support and accommodate STEM work/life satisfaction Serves as an action plan to help STEM employers, policy makers and academic institutions identify and create systemic change Includes case studies and practical tools sections to highlight effective integration strategies Addresses a variety of work/life challenges, including supporting travel for dual-career couples, making strategic choices around work/life issues, and overcoming implicit bias

Minecraft is a block-infested sandbox building/exploring game developed by Mark Persson, aka 'Notch', and his company, Mojang AB. The 'full version' or Minecraft has been available on PC since November 18th, 2011, but the game has been popular since Beta testing opened to players in 2009. This beginner's guide will show you how to survive the first day, and teach you the basics on how to craft tools and weapons, build shelters, explore, mine and much more. If you want to have fun from day 1, then "Minecraft: A Bigger's Guide" is the book to have.

Desperate to keep him... I've finally gotten everything I ever wanted: love, freedom, happiness, and, most importantly, Finn. Our love is everything I expected it to be and more. We've finally found each other, but the world seems determined to tear us apart. We thought my father was the only obstacle between us, but now it's the military. With Finn's departure looming, we're squeezing in every moment together before we run out of time. Trying to make every moment count... Being Carrie's bodyguard was one thing. Being her boyfriend is another. Every day she's mine is a day the sun shines in my life. Yet our time together is running out. Her father will never think a tattooed Marine will be good enough, so I'll do whatever it takes to be worthy of her love. But the road will take me away from the girl who makes me feel alive--the girl I can't live without. Time only gets us so far...

Romance blooms in the small town of Serendipity Falls, in the foothills of Mammoth, California. There's a wedding a month and divorces are non-existent. Out-of-towners are flocking in on weekends to visit, and perhaps find love, speculating on whether it's the natural spring water or something in the air. Whatever it is, they hope to find it. Tara Reynolds is a new pastry chef for the mountain resort, and love is the last thing on her mind when she arrives for the winter, but the handsome Olympian skier who owns a local bar has become quite irresistible. Can the mysterious forces in the town unite this couple who are fighting it every step of the way?
