Can a meddling mom find a husband for her daughter? Carolyn Davis is a beautiful, young woman, and an accomplished artist. She doesn't think she needs help finding a man. Linda Davis, her mother, has an urgent secret. She needs to know that her daughter is well taken care of. Using her meager resources, Linda drags her daughter to charity event after event, hoping she'll meet a rich man. Carolyn tires of the fancy clothes, high heels, and the endless rooms full of strangers. Though she dates some of the men she meets at these soirées, she doubts her mother will get her wish. Must every prince turn out to be a frog? No doubt Carolyn can find a man, but will he be the right man?

Franklyn was born into a gritty north of England town. His expected path through life would have him live out his years in the manner of that town's baseline existence. But it wasn't to be. Perhaps he was pre-selected to break rank so that bigger dreams could be fulfilled. Whatever the prime force may have been, he was to know a different life. Perhaps, too, the corridors of our own reality are flimsier than we believe! On the other side of the wall may lie another path. As Franklyn himself discovers, a perceived reality can be as real as reality itself.

This step-by-step, highly visual text provides you with a comprehensive introduction to managing and maintaining computer software.
