A New York Times Bestseller
The world’s leading intellectual offers a probing examination of the waning American Century, the nature of U.S. policies post-9/11, and the perils of valuing power above democracy and human rights. In an incisive, thorough analysis of the current international situation, Noam Chomsky argues that the United States, through its military-first policies and its unstinting devotion to maintaining a world-spanning empire, is both risking catastrophe and wrecking the global commons. Drawing on a wide range of examples, from the expanding drone assassination program to the threat of nuclear warfare, as well as the flashpoints of Iraq, Iran, Afghanistan, and Israel/Palestine, he offers unexpected and nuanced insights into the workings of imperial power on our increasingly chaotic planet. In the process, Chomsky provides a brilliant anatomy of just how U.S. elites have grown ever more insulated from any democratic constraints on their power. While the broader population is lulled into apathy—diverted to consumerism or hatred of the vulnerable—the corporations and the rich have increasingly been allowed to do as they please. Fierce, unsparing, and meticulously documented, Who Rules the World? delivers the indispensable understanding of the central conflicts and dangers of our time that we have come to expect from Chomsky.

From the Introduction:
What passes as spontaneous “social change” is in fact an organized process of satanic possession. This development is not an isolated or recent phenomenon. Western society is based on a rebellion against God and the natural and moral order. The so-called “Enlightenment” refers to Lucifer as the “light giver.” It was an assertion of the Illuminati’s determination to reject Reality -- the Creator’s Design - and construct an artificial reality more conducive to their interests and perversions. This is what the Cabalist bankers mean by “remaking the world” or “changing the world.” There is no way to sugarcoat this. Satanist (Cabalist) Jews and Freemasons are waging a covert war against God and man and are close to achieving victory. Many Jews and Freemasons have been a subversive force throughout history - the real reason for anti Semitism. Of course, the majority of Jews (and Christians) aren’t aware of this process of satanic possession. We have all succumbed to it. Passing as “secularism” and “humanism,” Satanism is the secret religion of the West.
