Jim Corbett is famous for his exploits as a hunter, but there was so much more to the man than tracking down man-eating tigers and leopards. In fact, 'Carpet Sahib' (as many Indians called him) was a conservationist at heart, with a deep love for jungles - its flora and fauna; and its inhabitants - the birds and the animals, and the people - who lived in the lush Kumaon hills. It is this side of Corbett that comes to the fore in Jungle Lore. Almost autobiographical in nature,

Jungle Lore sees Corbett talk of his boyhood, the people he met, lessons he learnt in absorbing the jungle, his concern for the jungles and environment, and of course, there are doses of hunting expeditions too. There is even the odd story of detection and of supernatural sightings. Jungle Lore is the first book anyone should read on Jim Corbett. Simply because it is about Jim Corbett the man who went on to become a famous hunter.

Jim Corbett's classic stories of man-eaters have made him a legend in India. This colorfully-written

offer first-hand information about the exotic flora, fauna, and village life in this obscure and treacherous region of India, making it as interesting a travelogue as it is a compelling look at a bygone era of hunting. No one understood the ways of the Indian jungle better than Corbett. A skilled tracker, he preferred to hunt alone and on foot, sometimes accompanied by his small dog Robin. Corbett derived intense happiness from observing wildlife and he was a fervent conservationist as well as a tracker. He empathised with the impoverished people amongst whom he lived, in
