Get fifty years of industry-defining expertise in a single volume John Bogle on Investing is a compilation of the best speeches ever delivered by one of the 20th century’s towering financial giants. Individually, each of these speeches delivers a powerful lesson in investing; taken together, Bogle’s lifelong themes ring loud and clear. His investing philosophy has remained more or less constant throughout his illustrious career, and this book lays it out so you can learn from the very best. You’ll learn what makes a successful investment strategy, consider the productive economics of long-term investing, and how emotional investment in financial markets is often counterproductive enough to forfeit success. Bogle discusses the “fiscal drag” of investing, and shows you how to cut down on sales charges, management fees, turnover costs, and opportunity costs, as he unravels a lifetime’s worth of expertise to give you deep insight into the mind of a master at work. John C. Bogle founded Vanguard in 1974, then in the space of a few years, introduced the index mutual fund, pioneered the no-load mutual fund, and redefined bond fund management. This book wraps up the essence of his half-century of knowledge to deepen your understanding and enhance your investment success. Learn why simple strategies are best Discover how emotions can ruin the best investment plan Examine the universality of indexing in the financial markets Minimize the costs — financial and otherwise — associated with investing John Bogle is still in there fighting, still pushing the industry onward and upward. Take this rare opportunity to have industry-shaping expertise at your fingertips with John Bogle on Investing.

The first authorized inside look at a major mutual fund company! Vanguard is, in the eyes of man, the most influential mutual fund company in America. Now the Vanguard Experiment chronicles Vanguard—from startup in 1975 to the second-largest mutual fund company in the nation today and the industry’s number one service firm—reveals how John c. bogle, Chairman of the Vanguard Group, realized his remarkable vision to build a company with over \$160 billion in assets and a reputation for keeping costs low and putting the interests of the investor first. Revolutionary, iconoclastic, and uncompromisingly committed to his founding principles, bogle stands alone in an industry that grows increasingly greedy for higher sales charges and management fees. The Vanguard Group is best known for shining a beacon on a low-cost, customer-oriented approach that other mutual fund companies cannot ignore—and may ultimately follow. the Vanguard Experiment reveals: The Vanguard philosophy, including Bogle’s ‘press on regardless’ motto that helps the company stand behind its revolutionary tactics despite criticism from the rest of the industry; Bogle’s role as the “conscience” of the industry, and his desire to reform many of its practices; The three crucial decisions made at Vanguard over the last 21 years, including: the 1975 “Vanguard Experiment”, the decision to “go no load” in 1977; and the internalization of a large part of Vanguard’s investment management efforts in 1981; Background on John C. Bogle, including his early years at Princeton, his career with the Wellington Management Company during the ‘50s and ‘60s, and the first frustrating years of Vanguard; In-depth interviews with jack Bogle, Jack Brennan, and other mutual fund leaders; A rare inside look at the legendary money manager Joh neff and Vanguard’s Windsor Fund.

The importance of the life’s work of mutual fund pioneer and investing legend John C. Bogle The Man in the Arena offers the essence of John C. Bogle’s thinking and the meaning of his life’s work, which transformed individual investing to benefit tens of millions of investors. Through Bogle’s own words—as well as the voices of others whose hearts and minds he touched—the book touches on topics he cares about most deeply: Vanguard, indexing, corporate governance, and a fiduciary society. From Vanguard shareholders to true giants in finance, one cannot read their words without being struck by their sheer intensity. Bogle’s parade of admirers is passionate. It is led by, arguably, the two most acclaimed leaders of our day—in the world of investing and the public life of the world—Warren Buffett and President Bill Clinton. The book is a first take at putting Bogle’s life work into a broader context. It includes some of Bogle’s classic essays and leads to an agenda of reform Bogle feels is essential to preserve our democratic republic. It features insight on the man from such commentators as Arthur Levitt, Burton Malkiel, Paul Volcker, and many more. Features wisdom and commentary on the career and life of legendary investor John C. Bogle Presents a summary of Bogle’s prominent and successful career, as well as his investing strategies Includes commentary from a Who’s Who of top investors

John Bogle puts our obsession with financial success in perspective Throughout his legendary career, John C. Bogle-founder of the Vanguard Mutual Fund Group and creator of the first index mutual fund-has helped investors build wealth the right way and led a tireless campaign to restore common sense to the investment world. Along the way, he’s seen how destructive an obsession with financial success can be. Now, with Enough,, he puts this dilemma in perspective. Inspired in large measure by the hundreds of lectures Bogle has delivered to professional groups and college students in recent years, Enough, seeks, paraphrasing Kurt Vonnegut, “to poison our minds with a little humanity.” Page by page, Bogle thoughtfully considers what “enough” actually means as it relates to money, business, and life. Reveals Bogle’s unparalleled insights on money and what we should consider as the true treasures in our lives Details the values we should emulate in our business and professional callings Contains thought-provoking life lessons regarding our individual roles in society Written in a straightforward and accessible style, this unique book examines what it truly means to have “enough” in world increasingly focused on status and score-keeping.

This text tells how Bogle built Vanguard and transformed the investing world. It also distills the principles upon which the company stands, as well as the key milestones of the company. Started in 1974, Vanguard has emerged as one of the world’s most important financial institutions.

The index fund wouldn ’ t be jack without Jack. It was just one innovation fueled by The Vanguard Group founder Jack Bogle ’ s radical idea in 1975 to make investors the actual owners of his new fund company. While the move was as much to save his job as it was to save investors, the end result was powerful: a fund company for the people and by the people. Bogle began a 50-year process of lowering costs inch by inch, which ultimately unleashed a populist revolt that has saved average investors trillions of dollars while reforming and right-sizing much of the entire financial industry. Today, nearly every dollar invested in America goes to either Vanguard funds or Vanguard-influenced funds. But Bogle ’ s impact and this ’ great cost migration ” reaches well beyond index funds into many other areas, such as active management, ETFs, the advisory world, quantitative investing, ESG, behavioral finance and even trading platforms. The Bogle Effect takes readers through each of these worlds to show how they—and the investors they serve—are being reshaped and reformed. While hundreds of fund providers have copied the index fund that Vanguard made popular no one is yet to copy its ’ mutual ” ownership structure. Why? This book explores that question as well as what made Bogle such an anomaly—seemingly immune to the overwhelming magnet of ambition that dictates Wall Street, made famous by movies like Wall Street, The Big Short, and The Wolf of Wall Street. On the flip side, Bogle wasn ’ t perfect by any stretch—he could be moralizing, cantankerous, and tended to make virtue out of necessity. The Bogle Effect is animated by the author ’ s hours of one-on-one, exclusive interviews with Bogle in the years before he passed, which reveal his philosophy, vision, intellect, and humor. Dozens of additional interviews with people who worked with him, lived with him, were influenced by him, and disagreed with him round out a portrait of this revolutionary figure. You will never look at the financial industry or your portfolio the same way again.

The seminal work on mutual funds investing is now a Wiley Investment Classic Certain books have redefined the way we view the world of finance and investing—books that should be on every investor ’ s shelf. Bogle On Mutual Funds—the definitive work on mutual fund investing by one of finance ’ s great luminaries—is just such a work, and has been added to the catalog of Wiley ’ s Investment Classic collection. Updated with a new introduction by expert John Bogle, this comprehensive book provides investors with the wisdom of the pioneer of mutual funds to help you identify and execute the ideal mutual fund investment choices for your portfolio. The former Vanguard Chief Executive, Bogle has long been mutual funds’ most outspoken critic; in this classic book, he provides guidance on what you should and shouldn’t believe when it comes to mutual funds, along with the story of persistence and perseverance that led to this seminal work. You’ll learn the differences between common stock, bond, money market, and balanced funds, and why a passively managed “index” fund is a smarter investment than a fund managed by someone making weighted bets on individual securities, sectors, and the economy. Bogle reveals the truth behind the advertising, the mediocre performance, and selfishness, and highlights the common mistakes many investors make. Consider the risks and rewards of investing in mutual funds Learn how to choose between the four basic types of funds Choose the lower-cost, more reliable investment structure See through misleading advertising, and watch out for pitfalls Take a look into this timeless classic and let Bogle On Mutual Funds show you how to invest in mutual funds the right way, with the expert perspective of an industry leader.

The founder of the Vanguard Group offers an analysis of mutual fund investment, discussing the significance of asset allocation, the benefits of simplicity, index funds, tax costs, information technologies, and other investment principles

Praise for Don’t Count On It! “This collection of Jack Bogle’s writings couldn’t be more timely. The clarity of his thinking—and his insistence on the relevance of ethical standards—are totally relevant as we strive to rebuild a broken financial system. For too many years, his strong voice has been lost amid the cacophony of competing self-interests, misdirected complexity, and unbounded greed. Read, learn, and support Jack’s mission to reform the industry that has been his life’s work.” —PAUL VOLCKER, Chairman of the President’s Economic Recovery Advisory Board and former Chairman of the Federal Reserve (1979–1987) “Jack Bogle has given investors throughout the world more wisdom and plain financial ‘horse sense’ than any person in the history of markets. This compendium of his best writings, particularly his post-crisis guidance, is absolutely essential reading for investors and those who care about the future of our society.” —ARTHUR LEVITT, former Chairman, U.S. Securities and Exchange Commission “Jack Bogle is one of the most lucid men in finance.” —NASSIM N.TALEB, PhD, author of The Black Swan “Jack Bogle is one of the financial wise men whose experience spans the post–World War II years. This book, encompassing his insights on financial behavior, pitfalls, and remedies, with a special focus on mutual funds, is an essential read. We can only benefit from his observations.” —HENRY KAUFMAN, President, Henry Kaufman & Company, Inc. “It was not an easy sell. The joke at first was that only finance professors invested in Vanguard’s original index fund. But what a triumph it has been. And what a focused and passionate drive it took: It is a zero-sum game and only costs are certain. Thank you, Jack.” —JEREMY GRANTHAM, Cofounder and Chairman, GMO “On finance, Jack Bogle thinks unconventionally. So, this sound rebel turns out to be right most of the time. Meanwhile, many of us sometimes engage in self-deception. So, this book will set us straight. And in the last few pages, Jack writes, and I agree, that Peter Bernstein was a giant. So is Jack Bogle.” —JEAN-MARIE EVEILLARD, Senior Advisor, First Eagle Investment Management Insights into investing and leadership from the founder of The Vanguard Group Throughout his legendary career, John Bogle-founder of the Vanguard mutual fund group and creator of the first index mutual fund-has helped investors build wealth the right way, while, at the same time, leading a tireless campaign to restore common sense to the investment world. A collection of essays based on speeches delivered to professional groups and college students in recent years, in Don’t Count on It is organized around eight themes Illusion versus reality in investing Indexing to market returns Failures of capitalism The flawed structure of the mutual fund industry The spirit of entrepreneurship What is enough in business, and in life Advice to America’s future leaders The unforgettable characters who have shaped his career Widely acclaimed for his role as the conscience of the mutual fund industry and a relentless advocate for individual investors, in Don’t Count on It, Bogle continues to inspire, while pushing the mutual fund industry to measure up to their promise.
