When the sky grows dark and the moon glows bright, everyone goes to sleep . . . except for the watchful

owl! With a spare, soothing text and beautifully rich and textured illustrations of a starry night, this is the perfect “book of sleep.” Join the owl on his moonlit journey as he watches all the other animals settle in for the night: some sleep standing up, while some sleep on the move! Some sleep peacefully alone, while others sleep all together, huddled close. Il Sung Na makes his American debut with this gorgeous bedtime offering. While each animal rests in its own special way, little ones will also drift off to a cozy sleep.

The DonorPerfect Online User Manual is the complete reference for DonorPerfect Online users, and covers data entry, reports, mailings, selection filters, customization, tasks, utilities, configuration of all settings, and optional modules. Now updated to reflect the latest features!

Natalie Shapero spars with apathy, nihilism, and mortality, while engaging the rich territory of the 30s and new motherhood

Power through the ups and downs of the market with the Value Investing Model. Stock prices fluctuate unpredictably. But company values stay relatively steady. This insight is the basis of value investing, the capital management strategy that performs best over the long term. With *Good Stocks Cheap*, you can get started in value investing right now. Longtime outperforming value investor, professor, and international speaker Kenneth Jeffrey Marshall provides step-by-step guidance for creating your own value investing success story. You'll learn how to:

- Master any company with fundamental analysis
- Distinguish between a company's stock price from its worth
- Measure your own investment performance honestly
- Identify the right price at which to buy stock in a winning company
- Hold quality stocks fearlessly during market swings
- Secure the fortitude necessary to make the right choices and take the right actions

Marshall leaves no stone unturned. He covers all the fundamental terms, concepts, and skills that make value investing so effective. He does so in a way that's modern and engaging, making the strategy accessible to any motivated person regardless of education, experience, or profession. His plain explanations and simple examples welcome both investing newcomers and veterans. *Good Stocks Cheap* is your way forward because the Value Investing Model turns market gyrations into opportunities. It works in bubbles by showing which companies are likely to excel over time, and in downturns by revealing which of these leading businesses are the most underpriced. Build a powerful portfolio poised to deliver outstanding outcomes over a lifetime. Put the strength of value investing to work for you with *Good Stocks Cheap*.

A collection of three top-selling titles from the graphics-led *Big Ideas Simply Explained* series: *The Philosophy Book*, *The Psychology Book*, and *The Sociology Book*. If you seek to understand how people think and interact, and to quickly absorb the best of human thinking and wisdom through the ages, you will find everything you need in this collection of three books from the *Big Ideas Simply Explained* series. Each book uses innovative graphics and creative typography to help you understand the key principles behind these foundational social sciences.
