The adventures and misadventures of a young Nigerian negro in the British colonial civil service. A temporary clerk, still on probation, Mr Johnson has been in Fada, Nigeria, for six months and is already much in debt. Undaunted, he entertains on the grandest scale, with drums and smuggled gin. Not only that, he intends to pay a small fortune for his wife...

The very best of the world's best researchers have discovered a way to develop Africa: Way Omega. Now Africa's heads of state are at a summit to approve it. If they do, it promises Africa will start developing immediately. Unknown to the summit are aggrieved conspirators plotting to defeat Way Omega and replace it with a rival strategy: Path Alpha. Their path, they say, is the only way. Should the summit still follow Way Omega, or make a U-turn? Fathers of

Nations is a satire on contemporary African politics.

Using her beauty in order to overcome the challenges of an abusive childhood and financial disadvantages, egomaniacal Sarita Robinson interacts with some of the hip-hop underworld's most powerful players and turns dangerously vengeful when she is abandoned by her supporters. Original. 75,000 first printing.

This second edition is about the practice and experience of doing research in the social sciences as well as in related subjects such as education, business studies and health and social care. It is aimed at those involved in small-scale research projects at college or at work.

This volume provides an interdisciplinary collection of studies that cover the trends and issues related to agricultural productivity and availability, food and nutrition security, and sustainability in India. The book discusses a broad range of vital issues concerning the production and consumption of food during the era of climate change, and has been prepared to generate awareness of these issues in a large agricultural economy to shed light on new perspectives and solutions to achieve sustainable food production and security in India. The book is organized into three major sections: Climate and Agricultural Productivity for Availability, Changes and Trends in Cropping Patterns and Food Security, and Food and Nutrition Security for Sustainable Development. The book will be of interest to students, researchers, policymakers, and other inquisitive readers interested in different aspects of agriculture, food and nutrition security, and sustainable development.
